A note from the editor of CENTURIAN PUBLISHING

Thank you for the great response. We've received lots of photos and letters which

I will put in this and future issues.

WE NEED YOUR PHOTOS AND SHORT ARTICLES FROM MISTRESSES, MASTERS, SISSIES AND MAIDS. *We have a lot of real, true stories from readers for this issue, plus we added some fiction to make this magazine more interesting.*

We get a lot of letters from readers who don't send photos. Our artists try to depict a story with their art. We spend \$3,000 to \$5,000 in every issue of "Forced Womanhood" and "Enslaved Sissies and Maids" on artwork alone. These two magazines cost more than the other adult distributed magazines. We think it is worth it to bring you, the reader, magazines that are unique and fun to read.

A lot more work goes into putting these two magazines out.

Woman Catches Her Husband Sniffing Another Woman's Panties And Wants To Hear From You

Congratulations on your first issue of "Enslaved", well done and you seeking to publish articles and photos has prompted me to submit the following. My husband (my slave) was caught sniffing my girlfriend's panties and he had to be punished so after getting him into his nightie I tied him tightly to my chair, I believe in tight neat bondage as you can see. So I tucked the panty in his mouth and tied some scarves over his eyes and mouth and we left the poor dear to contemplate things yet to come. I find bondage and punishment to go hand in hand and I'd really love to hear comments from your readers, an SASE will get my prompt personal reply near or far, boys, girls and couples welcomed. Most sincerely, Rachael Hayward 8132 Firestone PMB 25 Downey, CA 90241

Woman Turns Boyfriend Into A Sissy Slave, Then Into A Sissy Slut To Make Money For Her

I want to thank you for your new magazine, I knew there were others out there who enjoyed feminizing and sissifying men, but never has this wonderful process been so publicized as it is in Enslaved Sissies.

I actually began this with my boyfriend during our junior year in college. I became interested in feminization, and later sissification because my older sister's husband is a doctor who has done some work with transsexuals. I began reading books and gathering information on websites and got started by crushing up Feminique and Triple Strength Mammary and putting them in Mark's food and drinks without his knowing. Mark had a body I knew would convert with relative ease, average weight and height, strong but not over muscular. He had a sex drive that wouldn't quit, was very masculine and was somewhat condescending toward women. These are all traits combined that told me Mark was the perfect person, the one I would work to change.

As the weeks and months went by I watched Mark's body closely when we would have sex, or when I could get a peek at him naked. I noticed his skin was becoming softer to the touch and some swelling under his nipple. It wasn't until his nipples began to itch that he noticed anything different. For a while he constantly scratched them. It got to the point where he could not stand it and I offered him some cream to ease the itch. It was your breast cream and it helped accelerate the development of his new breasts.

By spring break he appeared to lose his sex drive, but he was trying to hide his body from me because the changes were very obvious. I would get my arm around him and reach for his nipples and rub them, and I could tell he was getting turned on, his little breasts were sensitive. Mark was much less talkative and seemed distant as he was obviously wondering what was happening to him. He did not want to go home for the summer because of this and I invited him to spend the summer with me, as I would be house sitting for my sister while she and her doctor husband spent the summer in Europe. It was my big opportunity and I would spend the summer working not only on his body, but his mind too.

I could see, as we were together a lot, he was becoming more emotional becoming prone to tears and not being able to stop. I told him not to be ashamed women do it all the time. He told me he was not a woman and should not be crying. I confided in him that I had seen a lot of changes in him over the past year, changes I liked. I said he was now sweet, kind, thoughtful and considerate and that he seemed more empathetic to me and women in general.

I wanted to have sex with him, but with him on the bottom, so he could see sex from where I usually lay.

Rubbing, fondling and sucking his nipples, I got him to where he would have probably done anything. I got in a top position to slide his cock into me while I rode him rubbing his nipples all the while. His climax and my orgasm were the best sex we ever had. He told me he wanted to have sex

continued on page 6

continued from page 5

that way all the time. I agreed with the condition that he play along with me. I told him I wanted him to spend the summer learning what it is like to be a woman. I told him that I wanted him to dress like a woman, act like a woman, and do all the things we women do every day. At the end of the summer I told him he could return to school as normal. He seemed confused at the suggestion and reluctant until I began fondling his nipples and cock again, and remembering the powerful climax, he agreed.

I told him I had been putting your hormones in his food and drinks for months and that explains the sensitive nipples, budding breasts, emotions and softer skin. I told him that if he wanted to go back to his normal life at summers end, I would stop the hormones and his body would return to its former state. I was lying because on the web I had found a permanent feminization treatment for men, that would fully develop breasts, round the hips, narrow the waist, create a feminine figure and soften the skin. I started using this treatment on him in March and knew by the end of August the 6 months would be up and his body would be feminine for life.

We began buying Mark clothes whenever I could afford them. I worked all summer and he stayed home and cleaned house and cooked. I knew that the name Mark would not do for the summer, so I gave him the name Marie, Marie Alexis, and had him take my last name. From the start with his body shaved, his new clothes, wig and my help with his makeup, Mark already looked like a very convincing Marie Alexis. There were the initial struggles with high heels, bras, stockings and makeup technique, but by mid summer Marie was well adjusted and had developed a new feminine routine that she at first commented took so long to get ready. I said it was just another part of learning what it is like to be a woman. A couple of weeks before it was time to go back to college Marie said she would have to take a semester off to allow her body to get off the hormones and return to his male self as Mark. Her breasts were quite full and the shape of her body was decidedly feminine, except for what was between her legs. It was then I sat her down and told her that I had been giving her new pills since March and these permanently altered the body. I said that he would forever have a feminine body but with a cock and balls. I told him he was now a she-male and I showed him some magazine

with photos and stories of others who were also she-males. I said that the only choices for him now were to remain a she-male, and to begin therapy and counselling to get a sex change and have the cock and balls removed and eliminate the last visible sign of his maleness.

Tears flowed and flowed as she screamed how could I have done this, how could she live and how she could never go home or see old friends again. I consoled her and told her all the wonderful things about being a woman and being able to dress pretty or dress in slacks or jeans and how women are free to cry and show emotions and how women are in reality the superior and controlling gender. I said proof of that is how I was able to change you so much, at first without your knowledge and then get you to spend the summer as Marie Alexis.

I told her I had a surprise for her and told her to get undressed and wait for me on the bed. I came into the room with a strap on dildo and some lubricant and sat on Marie, coating her asshole with the gel. Marie tried to get up but could not and screamed to no avail. I shoved it into her, as she screamed in pain at first, then relented and took it from me as I raped her. I reached one hand on her left breast and the other on her cock as I pumped and got Marie to explode onto the sheets. I felt so powerful and Marie was shocked at my demeanor. I told her that is another thing women have put up with is being forced into sex and used as an object, not a person, I slapped Marie's ass repeatedly and yelled at her to lick up what she got on the sheets. I called her a cum sucking slut, using all the cruel words that we women have heard for so long. Marie was beaten, exhausted, devastated and best of all mine! When my sister and her husband returned we were both there. They had met Mark before, but did not know I intended to do this to him. Marie did not want them to see this, but I forbade her from leaving. They, of course, remembered Mark, and were surprised when I said that the beautiful woman standing before them was him, now Marie. My sister embraced and kissed her and her husband also gave her a big hug and kiss. My sister said she had no idea Mark wanted to be a woman, but said she made the right choice because she was gorgeous. Her husband agreed and said Marie would have no trouble finding dates. He told Marie that he would be glad to handle any plastic surgery she may want in the future or breast enhancement, though he said her breasts were very beautiful already.

I rented an apartment for Marie and me. I went back to class, but Marie was not in college. I hooked up with a woman that came highly recommended as a trainer of sissies and in total behavior modification. I sent Marie away to be with her for three months telling the Mistress that I was looking for a completely obedient sissy slave incapable of being on her own or making any decisions in her life, someone who would be totally dependent on me forever.

In early December I went to pick up Marie. When the Mistress brought her out she was wearing a pink french maids uniform, petticoat and ruffled pink and white panties, pink stockings and garter belt, pink opera gloves with white lace trim and pink 6 inch heels with locks on her ankles. Her makeup was perfect, not overstated but fresh, with pink lipstick and her long nails with matching pink nail polish.

Marie curtsied before me and extended her hand. In a soft voice she said she was so pleased to see me again and would be honored to serve me in any way I wish.

Marie has now been my sissy slave for two years and in that time has never once questioned any command and has done all she is told to.

When I told Marie last year that I wanted to have her placed in an FL Frenum Chastity device she was only too happy to accommodate my wish and it is such a thrill seeing her former cock locked up and imprisoned just as I have had done with her body and mind. Once chastised, I wanted Marie to begin bringing money into the household too. During the day she is my sissy maid totally domesticated, at night she is now an escort, more specifically she is working for a service I was put in touch with by the Mistress who sissified her.

She told me there is nothing like having a sissy cocksucker bringing home some money. The Mistress helped Marie learn to dress slutty for her work as a prostitute, and my sissy by day, on some nights, becomes a total whore.

I have the best of all worlds now, a good job and someone who waits on me for everything. I would encourage any woman to follow what I have done to convert Mark the boyfriend into Marie Alexis the sissy maid and cocksucking chastised slut. It is possible to put men in their proper place, on their knees before us to serve.

Macho Husband Into Whimpering Sissy

Dear Editor,

Exploiting his passion for cross-dressing, I have turned my formerly macho husband into a whimpering sissy. I got tired of him ruining my panties, so one night I warned that if he creamed in them again he'd be punished. Naturally his disgusting goo leaked out even faster, soaking the lacy crotch. Grabbing his cock through the thin material, I told him that since he insisted on wetting himself like a sissy I'd treat him like one. He thought I was kidding until I powdered and diapered him! That night I rubbed him until he came, squirting into his diaper, which he kept on the entire night. After that it was easy to put him in pink plastic ruffled panties.

The lacy socks and Mary-Jane shoes have reinforced the girlish idea. Even after six months it still shocks me at times to see all his pubic hair gone, but as I pointed out, little girls don't have any. Besides, it's much easier to wash him when he wets his diaper during the night. This weekend my girlfriend is going to walk in and 'surprise' us as I'm changing him. I can't wait to see how humiliated that will make him. Before I sissified him he was a typically selfish, insensitive man. Now I always get my way, adored by my docile little sissy, who has been changed in more ways than one! Ha! Ha!

Couple Change Man Into She-Male Maid

To Centurians,

My wife and I took it upon ourselves to take in a want to be she-male and change her into a beautiful full breasted sexy lady. Tom was very plain. We met him at a party. We could tell he was somewhat effeminate. We started talking at our table and he told us his desire to serve a man and a woman as a she-male slave.

It only took a year to change Tom, an ordinary looking man, into a very beautiful she-male. We now have three-way sex and he takes care of the house as our maid. Now even our guests think he is a female. Everyone should have a she-male live in maid.

Master Turns Man Into His Maid

I met this older man in a bar who later showed me some of your magazines. That was two years ago. He is now my maid slut after two years of hormones and breast implants. He, now she, gets punished. She does all the housework, cooking and does all my bidding.

Wife Makes Hubby Do Chores In His Maids Uniform

Attention Sissy Magazine:

My husband and I have ben reading your publications for years. We love your new sissy maid magazine. I've enclosed a photo of him as my maid. On weekends he has to clean and cook for me in his maids dress and high heels. Then serve me orally with his tongue. His little penis doesn't do a thing for me anymore so I am considering chastising him.

Woman Makes Timid Man Into A Sissy She-male Slave

Dear Enslaved:

I'm a dominant woman who swings both ways. I had occasionally made a male lover wear my lingerie during sex, but it wasn't until I saw your magazine that I realized how wonderful it would be to have a sissy she-male sex slave. After studying your feminizing products and chastities, the use of corsets and high stiletto heels, and your various erotic she-male clothing and other articles, I was ready to find the right male and start his transformation.

Aunt Turns Husband Into A Precious Little Sissy

Dear Jeri,

Bob and I got married right out of college, and I thought we had a perfect marriage. That is until, a few months after we walked down the aisle, I discovered the macho man I'd thought I'd married loved dressing up in women's clothes. Naively, he managed to convince me it was just a harmless pastime. Which I tolerated, letting him come to bed in one of my nighties and panties.

However, it only got worse. Nylons, garter belt and high

Woman Makes Timid Man Into A Sissy She-male Slave

At last I settled on Edgar, an effeminate young man, and easily convinced him to move in with me. Getting his shoe and clothing size beforehand, I had already ordered a whole closet of she-male things for him, and immediately tossed out all of his male clothes. He was securely tied and gagged in a black page-boy wig and brief French maid uniform with 7" stiletto sling-backs at the time and couldn't stop me. I dragged him into a closet and locked him in, beginning his first real obedience lesson. By the time I finally released him he was even more docile than usual. Each day I dressed Edgar in a different sexy outfit, though when he cleaned and cooked he wore either a French maid uniform and 5" to 7" stiletto heels or a locking sissy maids bondage uniform of pink or white satin, ruffled socks and Mary Janes with little girl heels and steel taps. His wrists and ankles were always hobbled in leather cuffs with chains and he was usually penis-gagged. He also wore various colored wigs while letting his own dark hair grow longer. His timid nature fed my kinkiness, and I delighted in binding and dominating Edgar to my heart's content. He learned quickly that protests only brought more punishments. I had Edgar constantly wear a tight corset, further trimming his waist, and very high

heels, toning his legs and ankles and giving him higher arches. I also gave him female exercises, for those muscles a woman uses most, and lessons in how to behave like a woman. He was a very good pupil. Then I sent off for your various feminizing hormones and started him on those pills and creams. At first Edgar was enthralled with his softer skin, silkier hair, more rounded and feminine-looking body, and nicely growing breasts, which I encouraged him to play with and also gave him exercises to further help firm and shape them. As the changes progressed he found that his small cock and balls were steadily shrinking. Distressed, he refused to continue with the pills and creams, pleading that he was happy as a partly feminized TV and did not want to become a real she-male with a tiny, limp prick. Backhanding him to the floor, I pounced upon his French maid clad form and deftly tied him in a taut ball, with his crossed wrists high up between his jutting shoulder blades, held by a rope about his slim neck. I used him as a footstool, dildoe him with huge rubber and plastic ones and my 7" stiletto heels, which he then sucked clean. I also lashed him with belts and whips and walked on him in my high heels. I kept this up for over a week,

locking him in the closet at night and when I went out.

Spirit broken, Edgar was again my humble feminized slave. I locked him in your penis chastity that engulfed all the male genitals, then later in a FL2C Frenum Chastity. I increased his use of feminizing creams and pills, along with his lessons and exercises. Any complaint, no matter how meek, met with lashes, spankings across my lap, or strict, muscle straining bondage. I loved to spread-eagle him between cellar posts with his high-heeled feet off the floor and whip and dildo him, then leave him like that for hours. Finally Edgar was ready for large breast implants, and his tiny, useless prick was locked permanently in a FL2 Frenum.

"Edie" easily passes as a real woman and I take her almost everywhere, usually bound with a coat hiding her ropes. My men and women lovers like her to service them with her mouth and fingers while tied and dressed as a sissy in frilly clothes and Mary Janes or as a French maid or schoolgirl. I enjoy watching them use my submissive she-male slave/slut for their pleasure and amusement, and join them with my dildo. All women should own a sissy she-male, it's ever so much fun!

Mistress Rebecca

Aunt Turns Husband Into A Precious Little Sissy

heels followed. Then skirts and dresses and I caught him trying on my makeup. The final straw was when he wanted me to call him Barbara.

In tears I went to my closest confidant, my Aunt Julia, who is in her late 60s and wealthy beyond belief.

"I told you there was something odd, or not right, about him. So what do you want to do?"

"I'll give him one last chance. No dressing up. Then I don't know what I'll do," I admitted.

"Well, if you can't cure him, I think I know what will," she declared with a twinkle in her eye.

Putting my foot down lasted all of a couple of weeks. Until I caught him trying on one of my best dresses, and ripping it up the back. "I don't know what you've got up your sleeve, Aunt Julia, but he's all yours," I said in disgust.

"Just bring him to dinner and I'll take it from there."

Part way through dinner he fell asleep.

"You can leave now, Victoria. I'll give you a call when I think 'she's' ready to be presented in public," she smiled.

I didn't miss her referring to him as "her", but I couldn't wait for her to tell me what she had planned.

Well, two months went by, and then a third when she called and "she" was ready to be presented.

"Oh my god." was all I could say as one of the maids brought her in.

"May I present your niece, Miss Betsy Sue.

Come over and say 'hello' to your Auntie Victoria, properly, as you were taught.

Rebecca, you know what to do if her manners aren't perfect," Aunt Julia said sternly to the maid who was holding a fierce looking hair-brush.

I'll admit I was still speechless, for what Aunt Julia had done, you see, was to turn my skirt loving husband into the most frilly girl I ever saw.

He, or she, had on the most dainty, white sissy dress. If he wanted to wear skirts then he was certainly getting his fill. It was literally dripping with ruffles and lace everywhere. The short skirt showed off his girlish legs and the petticoat he was wearing. And the lace edged, white anklets and shiny, black strapped baby doll shoes added the perfect juvenile touches. As did his now blonde, long hair done up in pigtailed of all things. And his face now looked more like a doll's with absurdly long lashes and pink cupid's lips.

When he saw me he started to run over to me, crying, and in the most startling, squeaky, girlish voice pleaded, "Victoria, please don't let her..." Which was as far as he got when the maid bent her over a chair and spanked the living daylight out of her.

Sissy Falls In Love With His Wanking Pillow

A lot of women are, unfortunately, rather mean to their sissies. But I'm not one of them. I simply adore my little Carol Jean. I'm quite loving and affectionate and look upon him more as one does an immature, little boy. He's quite dainty in stature, noticeably girlish in appearance, as all sissies tend to be. With big, doll-like eyes, the tiniest waist and the most petite little feet.

Naturally, he's quite submissive, docile and totally devoted to me. He's so grateful that I took him in that I hardly ever have to spank him or stand him in the corner.

Not surprisingly, he's also totally immature sexually. He's still a virgin and, of course, I intend to keep him as one. Now some women with sissies have them chastised. Some, poor things, permanently. But I think that's so cruel of them. Even sissies have urges, which was my problem. I really do think it's such a nice reward to let their little dickies have an occasional discharge. Since I'd determined that sweet Carol Jean was to remain a virgin; intercourse was out. As was hand-rearing him, even with gloves on. It really is much too distasteful and vulgar. And since he is not only not allowed to ever touch his little dickie, he's not allowed to even look at it. If I catch him doing either I spank it severely with a ruler. As a safeguard I installed a little bell at the very end of his dickie. If I hear it after he's been put to bed I know he's being naughty.

So that was my problem which I unexpectedly solved on a business trip to London. On some free time I visited a special shop that I'd been in before called "Pettis and Frills." Their motto was, "Precious Clothes for Precious Sissies."

Before I went in, I noticed a sign that read, "Sissy Wanking Pillow, 25% off." When I went in I asked the salesgirl what it was.

"Well, some women with a sissy don't mind allowing their little things to have a good spurt now and then. Mostly as a reward, but it does seem to calm them down as well. As you can see it's quite oversized and made of soft, pink rubber. Once your sissy has his clothes off you will have him hold the pillow up to him, making sure it amply covers his little thing. Then, with these straps, you turn him around, and buckle it snugly so it stays in position. Then you simply have him lie down on his tummy on his bed, and before you close the door, you remind him to call out when he's done."

Carol Jean, at first, was quite embarrassed when I presented him with his lovely present I brought back for him. But it didn't take long for him to fall in love with his wanking pillow.

I can always tell how much he's enjoying his pillow by the tinkling sounds his bell makes.

Beauty Turns Man Into Sissy Schoolgirl Sex Slave

Dear Enslaved,

Being a dominant beauty who loves to feminize men (and an avid reader of your magazine), meeting a truly submissive man like Willard was a dream come true. Slight, girlishly handsome, with longish blond hair, he eagerly agreed to being tied up for sex on our first date. Our next date was a Halloween party and I chose our costumes. I wore a sexy, brief, black leather dominatrix outfit, with 6" heeled boots and a cat-o-nine whip, and Willard wore a schoolgirl, short, suspended blue skirt, sleeveless, off-the-shoulder white midriff blouse, bobby socks, pink Mary Jane baby doll Sissy shoes with little girl heels, and a long blonde page-boy wig. With makeup he easily passed as a woman until he spoke. He quickly got over his initial embarrassment and enjoyed his costume. We came back to my apartment and he spent the night tied up in his costume while we had sex. From then on he did all I asked.

Willard and I took a small house with a high fenced yard for privacy, and after work he would change into a sissy dress and Mary Janes or Sylvia baby doll shoes, or else a schoolgirl outfit and saddle shoes or penny loafers and I would tie him up for several hours in various ways, then he would lick me to multi-climaxes and I would give him a blowjob before freeing him. On weekends he did housework in a pink or white satin locking sissy maids bondage uniform, ruffled socks and black or white Mary Janes or baby doll shoes with different style straps. We had money set aside in solid investments, and when his company went bankrupt I convinced Willard to stay home and enjoy being a full-time crossdresser.

We ordered more sissy dresses and schoolgirl outfits, as well as shoes and feminizing pills and creams, from your catalogs and Willard let his hair grow long. He also took female lessons and did exercises designed for the muscles a woman uses most. Things were going along fine until he found that his cock was dwindling while his breasts grew and his body became softer and more femininely rounded out. He didn't mind being a TV but he refused to be a limp-pricked she-male. I stunned him with a backhand that sent him to the floor, then pounced on him with ropes and bound his stunned, feminized body from shoulders to trim ankles and shoved a huge, jaw breaking rubber penis gag inside his red mouth.

For the next week I kept Willard in as many severe bondage positions as I could dream up, lashed him with whips and leather belts, walked

on him in 8" stilettos, and dildoeed his ass repeatedly each day. I also face sat him and made him eat my cunt for hours. When he sobbingly surrendered I locked his cock in a FL4A Frenum chastity, with an "O" ring for leading him around on a leash and tethering him to things. I stepped up his dosage of pills and use of creams, besides his female lessons. He slept tied in baby doll nightgowns or a frilly "Forever Sissy" bra, matching panties, and over-the-knee, schoolgirl stockings. During the day he put on fashion shows for me every few hours, wearing short, long-sleeved bondage dresses, polka dot dresses, frilly sissy dresses, and various schoolgirl outfits, with short pleated skirts and midriff blouses. His shoes were various style baby doll shoes of white or black patent, classic Mary Janes from the "Little Tootsie" line, Sylvia shoes, saddle shoes and penny loafers. When his breasts were ready for large implants his cock was locked permanently in a FL2C Frenum chastity, denying him sex. "Wendy" is an obedient, lovely she-male slave who passes as a complete woman. I have trained her to suck cock by practicing on my dildos before they are used on her, and she is also very skilled at licking and fingering cunts with her hands tied behind her back. The men that I have over occasionally for sex (sometimes for the whole weekend) always enjoy fucking her mouth, tits and ass and say she's "woman enough" for them. In a frilly sissy dress, either long or short in length, and Mary Janes or baby doll Sissy shoes, or a schoolgirl outfit and loafers, Wendy watches, tied hand and foot and gagged, while I pleasure myself with the man or men to exhaustion.

Then I rest and enjoy her humiliation as the man or men fuck and degrade her over the long weekends. It's so much fun!

Some Courses At Sissy School Students Find Hard To Swallow

I told Connie if he really wanted to be my maid he was going to have attend sissy school. He didn't want to, but when I threatened to throw him out and find another sissy he meekly agreed.

Poor thing, the Brighton School for Sissy Men wasn't anything like I'm sure he imagined. Although they did have the cutest uniforms, designed for the school by Centurians. When he sent me his class picture he looked so cute in his ultra short, plaid schoolgirl's skirt and matching sissy's bra. Frilly, little, lace ankle socks, and high heeled, black patent Mary Janes. He took all the standard courses which weren't so hard on him. Some were a bit harder and more demanding such as Foot Licking, Ass Worship, and Pussy Service. For which he he had strict, demanding women instructors. But then came Cock Sucking 101. Which Connie didn't like at all. Called up to the front of the class by the male instructor, Master Donovan, he was to kneel. And as a precaution his wrists were chained behind his legs. As expected he was shocked, but could do nothing as Master Donovan unzipped his pants and out sprang this enormous, full erect cock. The instructor knew that all sissies needed some encouragement. So when Connie refused to take it in his mouth he picked up his crop and applied it to her behind until she did. "That was excellent, for your first time, Connie," he said, patting her on her head. "I'm sure within a weeks time we'll be able to put you in a more advanced class - Suck and Swallow 102, taught by the Headmaster himself."

Transformed Into A Pretty Sissy Slut

Mistress Cinnamon had been promising to take me to "Slaps and Kisses Boutique." She said the salesgirls there are well versed in sissification and transformation. I begged her and begged her to please take me and have me transformed into a real sissy slut. She would just laugh and say maybe if I was a very, very, good girl she'd get around to it. Finally one day, long after I had given up hope, we were walking along, turned a corner, and there it was! The promised special trip

had finally materialized, we were at the Slaps and Kisses Boutique. The salesgirls were so lovely, so helpful, so complimentary. They admired me so much in the flirty red dress I tried on, but their favorite dress for me was a spandex leopard number. While I was in the dressing room trying it on, Mistress Cinnamon got better acquainted with the lovely salesgirls. She especially liked the young platinum blonde, as you can see. But my Mistress has always had a lot of love to give,

and wanted the other blonde as well. In no time at all Mistress Cinnamon had seductively persuaded both salesgirls to not only give me the full transformation treatment, but to force feminize me too! My Mistress got those lovely salesgirls stripped down to their stockings and garters in no time! No one can resist Mistress Cinnamon. The salesgirls were so attentive as they carefully applied my makeup and transformed me into a lovely sissy! (I was already a slut!)

Husband Becomes Dancer's Feminized Sex Slave

Dear Enslaved Sissy and Maids,
Your magazine has changed my life. My husband was too busy sleeping with all the women in town to care that I had needs too. I told him I would just sleep with the dancers I worked with and he would say, "Yeah right. You know all those guys in dance are gay. So what if they got a big cock you will never get any. They are too busy taken it in the ass." And on and on he would go. For years I listened to my husband's ranting, allowing him to walk all over me and to treat me as if I didn't matter. Then one day I found your magazine Forced Womanhood. Reading the letter turned me on so much I had to go to the restroom and masturbate right there in the store. In addition, it showed me a way to deal with my cheating husband.

Not wanting to wait another moment, I drugged his beer that night. Wanting my revenge now, I had the surgery done for breast implants and had his hair weaved. Wanting him to know his new place right away, I permanently installed the FL4A on his tiny cock. His screaming alerted me that he was awake. At first he thought he had somehow switched bodies like on one of those TV shows. (He watched way too much TV) I pointed out that he still had his cock, useless as it was, so how could that be? This just made him scream more.

He was in shock at what I had done, so it was easy to get him dressed. Starting with your baby pink Satin Ruffled Panties, and SHE447U socks. Cinching him up with a corset and covering it with your 360 Satin Dress in pink. Finishing him off with a pair of locking ballet ankle boots so there was no way he could run away. I dragged him by his new hair to my dance room and tied him to the bar. Gagging him and securing his arms behind his back as well.

When John came over that night to help me practice some new moves my husband was still tied to the bar. John couldn't help but notice my new sissy and he commented on how lovely she was. When I told John that the sissy was my cheating husband that always said John was gay, John stopped for a closer look. Although John had never been with a man before he thought he might like to try my new sissy.

After all, except for the little encased cock he sure looked like a woman. Leaving her tied, we removed her dress so he could get a better look. John's cock was bulging in his tight

pants, as he inspected my husband. She was a hot little thing and he asked if he could open her up for me. My husband was so against gays I knew he would just love being used by a man.

Pulling down her ruffled panties, John rammed his 7" into her tight ass. She screamed into the gag as he used her virgin ass. "Now whose too busy taking it in the ass?" I asked. John used her roughly even making her suck his cock clean when he was done with her ass. I came just watching my husband get his just rewards.

Now whenever we practice, Flip, my husband, is always on the menu. I keep her dressed in lacy dresses and I take my little sissy every-

where with me. If I hadn't found your magazine I would still be just another neglected wife. Every woman in the world should have a copy of both Forced Womanhood and Enslaved. Maybe then the men would understand there are worse things than your wives leaving them. She could always decide to make them her sissy slave.

Thanks from all us Dancers

continued from page 20

Mistress Cinnamon then chose a beautiful blonde wig to complete my new chic look. After the salesgirls were done transforming me they sent me into the dressing room to admire myself. I could hear my Mistress laughing with the girls and complimenting them on the job they did sissifying me. Little did I know what they had in store for me at Behind-the-Pink Door.com's Slaps and Kisses Boutique! As I stood preening in front of the huge mir-

ror in the dressing room one of the salesgirls came in. Watching us in the huge mirror she gently pushed me to my knees, bringing my face level with her huge strap on dildo! There was nothing I could do except take that luscious fat cock into my mouth and stood sucking. Her lovely hips rocked back and forth, back and forth, as that dildo slid sensuously in and out of my greedily sucking mouth! Before I knew it she had me up against the wall and she was inserting her big strap on dildo in my

juicy little pussyhole. Mistress Cinnamon then strutted in and shoved a huge dildo into my waiting mouth! And right behind her was the platinum blonde salesgirl who immediately began fondling my tiny clitty stick, bringing it to a fully engorged throbbing state within seconds.

My enforced transformation took place in a dressing room at a swank shop, and now I'll be a gorgeous sissy slut forever!

We get lots of letters to our Forced Womanhood and Enslaved Sissies And Maids magazine. Most of the letters do not have photos - so we send the letters to one of our artists and they depict what they read into art. The letter below is what we sent to Baker and he drew the beautiful art centerfold.

Raped Lady Wants A Man To Know What It's Like To Be A Woman And Get Raped

Dear Centurians,
A couple years ago I was given a copy of your magazine Forced Womanhood. It was exciting to me because I read about men being mistreated like many of us women, including me. The stories of men being turned into women and forced to do things women have had to endure for centuries aroused me. I, personally, was raped by two men when I was nineteen. The idea of changing a man into a woman, then having men rape him was something I had to do. About two years ago I met Jeremy. We started dating and I found out he liked dressing in women's clothes. I asked him if he'd like me to change him into a real woman. His eyes lit up and he readily agreed. We had been dating for three months at this time. I showed him the copies of Forced Womanhood I had, and asked him if I promised to turn him into a beautiful lady, if he would be my slave and do what I said. He hesitated and flinched at the idea of being chastised permanently for life. I let the idea rest for him for a week before he came to me and agreed.
I started right away giving Jeremy double doses of your hormone vitamins and your Triple Strength Mammary. I started making him shave his entire body and dressing in feminine attire to get him used to it. I bought some of your leather restraints and commenced to bind him up. To make him meek and submissive to me. Soon he was doing all the housework dressed as a woman.
I'm an attorney and make enough money to keep him as my house slave. When he didn't do something right or do dishes I'd bind him up all day while I was at work. A year ago when you came out with Enslaved Sissies and Maids magazine I was even more thrilled. I then made Jeremy get her breast implants knowing what I had planned for him, now his name was Jane.

I bought a pair of Mary Jane shoes and some sissy outfits, stockings, and panties. Two months ago she was finally chastised with your permanent Frenum Chastity.
Last week my fantasy and my dream came true - to see two men rape and take poor Jane.
I had bound Jane up in her bedroom for the day. When I came home I had two friends with me. I had explained to them what I had done to Jeremy and how I changed him into a pretty sissy named Jane. I told them Jane wanted to feel like a real woman and satisfy men. Which wasn't exactly true, Jane didn't know what was going to happen.
I took my two friends - Scott and Bill into Jane's room. They both became erect seeing pretty Jane in your Mary Jane shoes, white stockings all prettied up with a white bow in her hair bound to the bed. Jane looked so helpless, so dainty, so sweet. No man could resist wanting her. Her big virgin breasts were so perfect. Her shaved bottom so ripe for the taking.
"Jane," I said, "I've told you how I've always wanted to get even for what two men did to me. Now is the time for me to get even. You said you wanted to be a woman, well, from now on, you're going to find out what a lot of us go through in life.
Jane was chained to the bed post with the collar around her neck. Scott and Bill pulled off their pants and climbed on to the bed with Jane and proceeded to fondle and rape her. Scott put his hard dick into Jane's mouth while Bill stuck his hard shaft into her virgin ass. Poor Jane was in tears but couldn't run away because of her binds. I watched with delight as Scott and Bill took my sweet innocent Jane. Jane was now crying with tears running down her face.
After Scott and Bill left, I untied Jane and made her lick my pussy until I came for the first time in my life.

Woman Turns Man Into Sissy She-male Slut

Dear Enslaved,
My first interest in feminized men came back in college when my sorority had a party with a fraternity during "hazing week". The male pledges were made to dress as French maids, complete with wigs and makeup and leather wrist and ankle cuffs and chains, to serve the guests. The pledges arrived early and we girls made them up then instructed them in the art of femininity and walking in 5" to 7" stiletto pumps. They were self-conscious at first, then settled into their roles as they realized they had no choice.
The party was a smashing success. I was drawn to Harold, who seemed to enjoy his servile feminization, and we later slipped into the shadowy garden for sex, with him standing against a tree, his chained wrists hooked over a short branch above his blonde-wigged head. It was a thrill to feel our red waxed lips and "female" bodies pressed together, and his helplessness added to the intensity of my pleasure. We dated for the rest of the semester, and he agreed to my request that he be bound and feminized whenever possible.
Unfortunately, we went our separate ways after college.
I was hooked, but it was very hard to find a man who honestly enjoyed bondage and femi-

nization. Usually when he was freed after sex he would change from stiletto heels and erotic lingerie into his own clothes and go home rarely to be heard from again. Then I finally met Waldo, a pizza delivery man, and was turned on by his girlish face and body. Saying there would be an "even better tip" later, I had him return after work. He was intrigued by my demand and your magazine and other Centurian publications I had, then stared in wonder at his feminized image in my full-length mirror. He spent the night bound and feminized, and returned almost every night for more.
Soon I convinced Waldo to quit his job and be my TV maid and cook. I received a big raise at work (I'm an executive secretary) and ordered Waldo tons of things from your Transvestite, Transformation, and other she-male catalogs. My job kept me busy so I needed a "Lady of the House" who would take care of the place and do all of the womanly chores. Even though Waldo complied I kept him in leather cuffs and chains (because it was my first introduction to TV men and I enjoyed seeing him like that) as a precaution against him changing his mind and leaving me. Besides French maid uniforms there were locking sissy maid bondage uniforms of white and pink satin, with ruffled socks or over-the-knee schoolgirl stockings, various colored Mary Janes and Sylvia Doll shoes, erotic and "Forever Sissy" frilly bras and panties, 4" to 7" stilettos, and many wigs of different colors and lengths while he grew his own hair. I also persuaded him to use your feminizing products and constantly wear a corset, to nip in his slim waist and give his hips and butt a rounder look, and stilettos, to tone his legs and ankles and raise his arches even higher.
Waldo was first fascinated with his sexy female body and enjoyed playing with his breasts. Then he saw that his prick was shrinking and refused to continue using the various pills and creams. He was in a locking sissy maid uniform, over-the-knee stockings and 6" ankle-strap stilettos at the time so I had no trouble forcing him down to the cellar, where he remained for three weeks in constant bondage and torment. I made him eat from pet dishes, walked on him in 7" stilettos, spanked, whipped and dildoad him, also making him eat my pussy day and night for hours, until he finally gave up.
I increased his dosage of pills and use of creams

and gave him female lessons and exercises hours on end. His cock was first locked in your Phallic Fidelity Enforcer, then in a FL4E Frenum Chastity, and lastly in a FL2C Frenum permanently, putting an end to its sex life. His lovely breasts were given large implants, and Waldo vanished forever to become Winona.
Winona is my gorgeous, submissive, sissy she-male slave/slut maid whom I enjoy binding, face-sitting, and dildoeing endlessly. Some times I have men over and make her watch, tied, gagged, and dressed as a French or sissy maid, or even a schoolgirl, the things she can no longer do with me. Then the man or men fuck her mouth, tits and ass. I love seeing them cum all over her face and body and in her mouth repeatedly!
Mistress Yvonne

Woman Loves Dressing Up Her Sissy Slave In Fashions From Centurians

I always look forward to getting a new Centurian catalog from you. I keep them out on the coffee table and it seems I'm always going through them looking for an adorable sissy outfit or another maid's uniform to dress my sissy, Prudence, up in. She looks so innocent and yet slutty in one of your baby dolls. Especially with her hair down and a pretty bow in it. My favorite, however, is your white baby doll (SL-L1672) dripping with ruffles and lace as it comes with "little girl" eyelet trimmed bobby socks. And because I can pull down the matching G-string that also comes with it so they can see her tiny chastised organ. To give the outfit that innocent, yet slutty look, I force her feet into your open-toe, platform sling with the staggeringly high spike heels (HH Sabrina). I think they add the perfect touch.

When I'm having dinner guests I put her in one of the many maid's uniforms. My favorite is your pink velvet maids uniform (C157). Demure, classical while nicely displaying her cleavage and tits, and her girlish legs. To match I add your thigh high stockings in red.

And to give it an admittedly "trampy" look she minces about in impossibly high, 7 1/2" heels and platform soles (HH Thrill).

The Ultimate Shame in Adorable Rompers
Nobody Quite Knows What He Is

You can dress a sissy up in skirts but then there's no shame or humiliation. Which all sissies should be made to suffer on a daily basis. Failing as a man, a sissy has no right to masquerade as a real woman, but must be seen as what he is, a sexually androgenous sissy. An adorable romper achieves the perfect look. You can imagine how he'll cringe and weep being in public.

Originally, I had picked out a nice jeans outfit with a cropped T-shirt to take my sissy out in. But when she complained so much that his bra would show through the t-shirt I decided to really fix her. Instead of a demure, white lace bra to wear under her t-shirt, I got her an orange sports bra to wear over it! Then I replaced her jeans with skin tight, yellow capris. Her cute, white sneakers I replaced with the most darling white, patent leather baby doll #1 Shoes. Then to make sure as many people could see her. I made her mince down the street.

Woman Turns Timid Man Into Sissy She-male Bondage Tart

Dear Enslaved:

Claude and I met at your Romantic Sensations Erotic Boutique store in the Reno Hilton shopping mall, as we were staying at the hotel. He was on vacation, while I, being an executive with a large investment company, was there on business. Slight, timid, girlishly handsome, with longish blond hair, he appealed to me immediately. Besides noticing the shy, admiring glances he gave me (I'm a tall, busty, gorgeous redhead), I was pleased to see he'd bought your magazine and some frilly lingerie from your "Forever Sissy" line. Taking the initiative, I began a conversation and we went to the hotel bar to get acquainted over drinks.

I told of my fascination (almost since I could remember) with feminized men in bondage, and his face lit up as he confessed similar fantasies. He'd been infatuated with his baby sitter as a youth, and had played "tie-up" games with her. He would watch her struggle and secretly see himself bound and gagged in her various schoolgirl dresses. I offered to play such games with him, and we agreed to meet in his room later, after my business conference.

Claude greeted me in a long blond wig, light makeup, a long sleeve, white schoolgirl blouse, short, plaid, suspended skirt, bobby socks and penny loafers. He made a bewitching schoolgirl. A scarf and yards of white ropes had been set out on the bed, and I put them to good use. We spent the whole night together

(ordering room service), and I tied him up in various schoolgirl clothes, dresses, skirts and blouses, ruffled socks and also saddle shoes. We had sex with him tied first in dresses, then stripped him to a frilly bra, matching panties, and over-the-knee schoolgirl stockings from your "Forever Sissy" line, and black baby doll shoes with one dainty strap. Tightly gagged, he was thrown across my lap and spanked until he noddingly agreed to eat my cunt the rest of the time. Before finally untying him I did give Claude a slow, fantastic blowjob. From then on he was putty in my hands. Claude came to Seattle with me and was my bondage house guest and maid. Before leaving Reno we bought him loads of sissy and schoolgirl dresses, sissy lingerie and baby doll sissy shoes. Locked in a pink satin bondage sissy maid uniform and wrist and ankle chains, short, white ruffled socks and Sylvia baby doll white shoes, he did the household chores and would then change into a short schoolgirl skirt, white, long sleeve, midriff blouse, bobby socks and loafers. I would bind his wrists and arms behind him, throw a schoolgirl jacket or sweater over his shoulders, and we would go out for walks in the woods, where we would often have sex with him tied to a tree with a multitude of ropes. Claude gave up his low-paying job and apartment back East and moved in, agreeing to use your feminizing creams and take all of your pills. At first Claude loved his growing, schoolgirl-like tits but soon found that his cock was

shrinking and panicked. I tied him in the cellar/dungeon in his "Forever Sissy" lingerie and classic black Mary Janes, then spanked, whipped, dildoad, and walked on him in 7" stilettos for two weeks, also making him eat in bondage from pet dishes. Claude meekly gave in and agreed to be a limp-dicked, she-male slave.

His cock was locked in a FL4A Frenum Chastity, with studs and a ring for a leash, and I taught Claude how to walk, talk, sit and behave like a woman. Any falling back into maleness brought a stern lashing and hours of muscle straining bondage. In addition to baby doll sleepwear I kept him tied up in a waist-cincher at night, to trim his already slim waist and give his hips and ass a more rounded, feminine look. Finally his breasts were ready for implants and his dwindling cock was locked permanently in a FL2C Frenum, ending its sexual activities.

"Claudia" passes easily for a real woman and I take her, a schoolgirl sweater or jacket hiding her bound arms, with me for sex with men. They love Claudia's mouth and ass, and her various schoolgirl dresses, skirts and blouses, bobby socks, ruffled socks, loafers, saddle shoes, and Mary Janes. It's so much fun to watch them abuse my sissy schoolgirl tart in many depraved ways, then join in with my dildo!

Mistress Alexia

Woman Turns Submissive Man Into Sissy She-male Schoolgirl

Dear Enslaved:

My interest in feminization began in childhood and remained into adulthood. While other guys in school were ogling the girls in their sexy dresses, I was secretly visualizing myself in those clothes. I was too timid to tell any of the girls of my desires, and later as an adult, I could never work up the nerve to go to a store (such as your Romantic Sensations Erotic Boutique) and buy feminine things for myself. I contented myself with looking at pictures in your magazine and catalogs and seeing myself wearing the sissy dresses, schoolgirl outfits, etc., that the gorgeous TV's and she-males modeled. Then I finally met Nancy and my wishes came true. The tall, buxom, raven-haired beauty loved feminizing and dominating men, and read me like a book even before I revealed my secret desires. We went to her apartment where she had me wear a frilly bra and panties, ruffled anklet socks, pink Mary Jane baby doll Sissy Shoes with little girl heels, a short blue, suspended skirt, Calypso-style white top that left my firm midriff bare, and a flowing blonde wig that fell to the middle of my back. She added makeup, then tied me hand and foot with white clothesline, threw me across her black latex-pantied lap and spanked my ass until I sobbingly agreed to anything she wished. I stayed tied up the whole night and licked and fingered her pussy to multi orgasms.

continued on page 33

continued from page 32

Before at last untying me, Nancy gave me the longest and best blowjob I'd ever had, and from then on I was her sex slave.

We saw each other almost every night after work, and weekends went on picnics to isolated places where, in various schoolgirl outfits, ruffled or bobby socks and penny loafers, saddle shoes, Sylvia baby doll shoes or Mary Jane baby doll sissy shoes from your "Little Tootsie" line, I was tied up for sex to trees, on a blanket, and to any interesting objects we came across. Soon I agreed to quit my low-paying job and move in with her. We took a house in a secluded residential area and I was maid and cook while Nancy continued working. I agreed to take your various feminizing pills and use your creams, which gave me breasts, softer skin, silkier hair (I was letting my own blond hair grow), and further feminized and rounded out my features. Nancy was pleased with my appearance and ordered me even more sissy dresses and schoolgirl outfits from your Transvestite and Transformation catalogs. Then I was shocked to find that my cock was shrinking while my breasts were growing. I complained, only to be overpowered and tied and gagged in the attic, in a pink polka dot dress, anklet socks and white Sylvia baby doll shoes. After a week of stringent bondage, lashings with belts and whips, being walked on with 7" heels, and dildooed by them and rubber and plastic dongs I wisely gave in.

Nancy increased my dosage and also my use of the creams, then locked my prick in a FL4A Frenum Chastity. I was locked in a sissy maids bondage uniform, with my wrists and ankles hobbled in chains. When she was at work I was left tied and gagged in the attic or closet in a frilly "Forever Sissy" bra, matching panties, over-the-knee schoolgirl stockings and Mary Janes or Sylvia baby doll shoes. For two hours a day and many more on weekends, I was given lessons on how to act and talk like a lady. If I screwed up my balls and cockhead were lashed and at the end of the lesson I was tied strenuously for an hour or two.

Finally my breasts were ready for large implants and my tiny cock was locked permanently in a FL2 Frenum. I was completely transformed inside and out into a "woman." My name is now Lois, and I am Nancy's sissy, she-male, schoolgirl, sex slave. I am quite expert at pleasuring her with my lips and tongue and tied hands. There are times when Nancy gets the "itch" for a real cock and invites a man or two over for sex. Tied and gagged in a sexy schoolgirl outfit, ruffled socks and either loafers or Mary Janes, I watch the man or men give Nancy what I no longer can, then she watches while they "stick it" to me, cumming in my mouth, face and asshole. I also please them with my skilled, tied hands. Later Nancy also gets in on the action with her dildo, and I am royally gang-banged!

Schoolgirl Slave Lois

Lady Makes TV Lover Into Sissy She-male Maid Slave

Dear Enslaved,
It all began with a college drama class mystery comedy play where kidnappers (a man and woman) keep Leslie, a rich college "co-ed" gagged and in various tight bondage until the rescue, in which she is revealed to be a "he" who was kept first in schoolgirl clothes, white socks and 4" stiletto pumps, then a brief

French maid uniform (to serve them in ropes) to discourage any escape attempt. Slight and almost

girlishly handsome, Herb was chosen for the part. Besides playing a small part, I was prop Mistress and also helped Herb with his makeup and dressing up as a girl.

It was during the dress rehearsals that I found I really enjoyed "making up, dressing up, and tying up" Herb, who constantly admired himself in the mirrors and praised me. We had been casual friends but this play brought us close together and made us realize our under the surface desires. The play ran for two weeks and we enjoyed ourselves thinking of different chair and on the bed tie-ups each night; he did not have any lines until his rescue at the end of the Third Act. I became quite an expert at quickly tying and untying him in between the short scene changes and each of the three acts.

We were sorry when the play ended, but decided to live together in a small house off campus, where I continued binding and feminizing Herb who had

continued on page 35

continued from page 34

now learned how to dress up and makeup himself. He did so as soon as he returned from class every day, then I would tie him up in all sorts of ways. We soon discovered your excellent magazine and ordered what our budget allowed from your sexy Transvestite catalog for him. On graduation Herb received the bulk of his late parents' trust fund and, after having most of it invested wisely, we then began living our fantasy in a new town, where people knew us as sisters - though we really didn't associate much. Since there was no need to work Herb went along with my suggestion that he order your various feminization creams and tablets, wear a corset and very high heels continually (to trim his waist, give his hips and rump a rounder, more feminine appearance, make his legs and ankles even more shapely and his arches higher), do exercises that tone the muscles a woman uses most, and be really schooled in the many "arts of femininity." We were now able to splurge and ordered loads of items from your Transformation, Transvestite,

She-Males in Rubber Latex, and Centurians Whole Catalog publications. Herb was kept in almost constant bondage and changed sexy outfits with each tie-up. He served me as a French maid in chains and leather cuffs and also a sissy maid with pink or white satin lock-on uniforms and Mary Janes. The more we continued the fantasy, the more I decided I wanted a real she-male lover/maid slave who pleased me with lips, tongue and fingers instead of a cock. I told Herb when he was shocked by his dwindling penis and wanted to quit the pills and creams. I kept Herb tied in the cellar/bondage playroom and whipped, spanked, dildoad, and walked on him in 7" heels until he sobbingly gave in to my demands. I increased his pills and creams usage, female exercises (sit-ups and such done in bondage) and femininity lessons. I locked his genitals in your Penis Chastity so he couldn't get aroused or hard then made him service me repeatedly, until he became expert doing so with his tongue and fingers while in severe bondage.

Soon I locked his shrinking prick in a FL4A Frenum Chastity and attached a leash to its ring for leading him about and additional binding to objects. His breasts continued to grow nicely and were finally ready for implants, next his tiny dick was locked permanently in a FL2C Frenum, and Herb totally became she-male Holly. We have so much fun together, I dress my maid-slave any way I feel like at the moment. Sometimes she's a French sissy maid, other times a shy schoolgirl, or a sexy, submissive she-male slut in rubber latex, black leather or even a gown; naturally she's tied up and usually gagged in whatever she wears.

There are still those times when I get a sexual itch that only a male cock can cure. Usually I have the man or men over, so tied and gagged Holly can change outfits throughout the evening and be mouth, tit, and ass-fucked in different roles - all are popular with the men. I also get into it with my dildo!

Special Panties Finally Convince Friends That Prissy Is A Sissy

When I invited my two best friends over for dinner one night I told them I had a surprise. When they arrived they were all excited wanting to know what was the surprise.

"Just a minute and I'll go and get him," I said with a smile.

I had to strong arm Prissy out to the living room. It was the first time being shown to others naturally he was quite shy. That was six months ago and a lot of shedding of tears, which eventually he got over. Still I could understand why friends were so disbelieving.

He did look just too precious in his cropped, pink angora sweater top with his now soft, girlish legs down to his little girl socks and sweet black, patent Mary Janes that I'd gotten from Centurians, along with his skirt. And I just loved the curly, tossed look of his hair. "Vey well, Prissy come over here and hold up your skirt so the girls can all see your special sissy panties," I ordered.

"Please don't make me," he pleaded in his distressed little girl's voice.

"Yes, I'm afraid so. It's the only thing, I think, that will convince my friends that you are really a boy. Come now, don't be shy. I think

you'll be doing a lot of showing off your special panties in the future," I said.

So Prissy held his skirts up to the ladies showing off the daintiest pair of white, lace panties with a huge pink bow right in the middle. What was special about his panty, I explained, was what attached to it.

"I know none of you have a sissy like my precious Prissy. But what you need to know is how excited their little wee-wees can get, and at the most inappropriate times, poor things. So every morning, first thing, I tie a pink ribbon several times, rather tightly I'm afraid, around the very middle of his little wee-wee. then I thread the ends through a small opening in his panties and tie them into a big bow. It twitches a bit, at times, during the day but that's all. Now move closer so I can untie the bow and pull down your panties, I'm sure that will convince the girls."

How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well! But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.

TWO INCREDIBLE VIDEOS OF MEN TURNED INTO SHE-MALES AND SISSY SLAVES

Enslaved Sissy Maid Video

This is a story of a beautiful woman who isn't getting satisfied sexually by her husband, so she has extra marital affairs. One night after one of her flings she catches her husband wearing her lingerie. This gives her the excuse she needs, she yells and screams at him that if he's going to wear women's clothes - they will only be sissy clothes for such a wimp as him. She begins with binding him up every night and slowly changes him into a complete sissy she-male maid slave through bondage, hormones and breast implants. Then makes him suffer many humiliations of being a sissy slave including satisfying her boyfriends in all ways.

Forced Womanhood Video

This is a serious one hour movie about a wife who catches her husband at the beginning of this movie making love with another woman. She is so furious that she wants to kick him out of the house. Instead he promises to be her slave, not really knowing what he is really in for. Through bondage and discipline she slowly turns him into a she-male slave. Hormone injections, breast implants and finally she chastises him permanently with a metal chastity pierced through into penis. And the finale of this ordeal is her binding her she-male slave to watch as she makes love to another man.
