### ***Slave Finds Her Master Gets Turned On When She Wears Sissy And Schoolgirl Outfits***

Dear Sissy Magazine,

I have been an avid reader of your magazines for years, especially Forced Womanhood. My lover Ben read it and he turned me into a she-male slave. When he first read it four years ago he was enthusiastic about turning me into his beautiful girl. He put me on your hormones, which after a year enlarged my breasts so I could get a large breast implant. By taking your natural Feminizer, Estro-Glan and your Triple Strength Mammary it softened my skin and slowly shaped my body to a feminine look and soft feel. I also got a prescription for an androgen called Androcur which inhibits the male hormone Testosterone. It made my penis smaller and useless, but it did make your hormones work faster.

Anyway, when we got your Sissy Catalog Ben bought me four of your outfits, two sissy outfits with shoes, A schoolgirl outfit and a sexy maids outfit. He gets so turned on when I'm in the new sissy clothes.

Every day now I have to be dressed this way and then he makes me sucks his already hard cock and he fucks me hard in my clean shaven ass. Please find our subscription enclosed for Enslaved Sissies and Maids.

## Dominant Woman Makes Weakling Into She-male Slut

Dear Enslaved,  
Julie and I lived in the same apartment complex and often talked around the pool. She was a willowy, statuesque, stunning blonde so I didn't think anything about her looks at my slender, girlish figure or teasing compliments that I would look pretty as a girl. When she invited me to spend a weekend in a friend's mountain cabin I accepted.

The cabin was isolated so we had the woods to ourselves. That night we played cards, and as my part-time job had ended and money was tight, we played strip-poker. Not good at cards, I was soon down to my briefs while Julie was still in her black slip and lingerie. I lost again, and she offered me another chance: all of her clothes against tying me up naked. I didn't mind being tied up so I took the bet—and lost. I was tied on my bed with yards of clothesline, from shoulders to ankles, and given thirty minutes to get free or pay a penalty. I didn't, and the penalty was to wear a frilly, sissy bra, matching panties, and ruffled anklet socks with #3 black Baby Doll shoes with large buckles and small heels. I was secretly intrigued and, after a token protest, put them on and let Julie tie me up again. She added a scarf gag, which made breathing more difficult and tired me quickly.

Keeping me tied, she removed my gag and showed me your magazine. Despite myself I got an even stiffer hard-on imagining myself in place of the sexy TVs and She-Males. She then opened the bedroom closet door to reveal it

was filled with sissy dresses, schoolgirl dresses, Baby Doll shoes, saddle shoes and penny loafers. Eagerly going along with the penalty, I let her put light makeup on me and a blonde page-boy wig.

I spent the whole weekend in bondage and sissy and schoolgirl clothes, even walking in the woods like that. Sunday night I was shocked to learn Julie had burned my clothes, and I was to be her sissy bondage sex slave. The cabin was hers, and she'd ordered the frilly clothing, wigs, Mary Jane shoes, etc., along with feminizing pills and creams for me weeks ago. My only job would be cleaning, cooking and sexually pleasing her with my mouth and fingers. When I protested, she strung me up by my wrists to the closet door and whipped me with a thick belt, then dildoeed my ass repeatedly until I gave in. I was gagged and hog-tied in the closet in only a frilly bra, matching panties and white anklet socks. Hours later Julie returned and said she'd cleaned out my apartment and this was my new home.

For over a week I was kept in the closet, tied in a ball, being dildoeed, and licking her cunt hourly. I had no choice but to agree to everything. Though we were in a remote area she still kept me tied (even more strenuously when she was away) and the many ropes and positions were ingenious. I'd never known there were so many ways to bind someone. I used the creams and pills, wore the sissy dresses, including locking bondage maid pink and

satin uniforms, schoolgirl dresses and various Mary Janes while doing house work in cuffs and chains and letting my own hair grow longer. Soon I found that my cock shrank as my breasts grew, and I tried to stop the pills and creams.

That earned me a trip to the cellar, where I was kept in constant bondage while wearing sissy dresses and Mary Janes. The whippings, dildoeings and muscle-straining bondage again slowly wore down my resistance and I finally surrendered. My cock was locked in a penis chastity that engulfed all of my genitals until a FL3C Frenum Chastity, with a ring for a leash, which prevented erections with heavy pain, arrived. I took female lessons: how to talk, walk, sit and behave, and was lashed on my cockhead and balls whenever I made a mistake. Daily I put on sissy/schoolgirl fashion shows for Julie with my hands tied behind me. At last my breasts were large enough for implants and my tiny cock was simultaneously locked permanently in a FL2 Frenum, denying me sex.

My name is now Gena, and I pass as a complete woman. Besides serving Julie with my mouth and fingers while bound, I do the same for the occasional man she brings to the cabin, often for the whole weekend. As a bound sissy or schoolgirl, I let them have their depraved ways with me while she watches!

# Mistress Trains Man To Be Sissy Slut

Last summer I answered an ad in a local fetish newspaper, it read, "If you're ready to fulfill your feminine dreams contact Mistress Siren." Well, I've always had fantasies of being forced into becoming a sissy slave girl and I thought, "Hell with it, it's time."

I called Mistress Siren, she had a dominating female voice; she told me that if I was serious then I was to come see her secret dungeon at her residence. Later that night I made the short drive to her house. I knocked on the front door and a beautiful woman with long dark and smooth silk like skin answered. She only stood about 5'4" and here I am towering above her at 5'11". "How can this be a

Mistress?" I thought.

"Hello, I'm Rocks, I'm here to meet Mistress Siren is she..." She cut me off in mid sentence and ordered me to follow her downstairs without saying another word. I was a bit confused but I didn't say anything else and followed her to the dungeon in her basement.

"On your knees, boy!" I automatically dropped to the floor and onto all fours. "What is it you desire?" she asked. "To find my true destiny Ma'am." Before I knew it this simple looking woman pulled her red coat off and put on her black gloves. She was quick to put me in my place. Mistress Siren made me put on a bra and panties. I wanted to resist but I found

that I couldn't. "You'll be perfect to make into the girl I've been searching for," she said.

"Girl, I'm gonna make you into a true slut and an Internet porn star." She told me that her desire was to open a crossdressing and transvestite website called [crossdressingroxanne.com](http://crossdressingroxanne.com) and I was curious to find out how she was going to do this.

She had this way of mixing words with the pain from her leather whips. I found myself lost and finally convinced that I was a slut, her slut and my name is now Roxanne DeFox.

Come see Mistress Siren's final product of forced feminization at [www.crossdressingroxanne.com](http://www.crossdressingroxanne.com)

The boy is sized and fitted. He will wear what the Mistress says!

"In my dungeon every sissy must wear a bra"

First the man must wear the proper sissy womans underwear. For this boy a pink thong and black bra will do

The cuffs are secured and soon the boy will be forced to admit what he truly is

Her paddle will turn any man into a little sissy girl

The boy is chained to the dungeon wall by the cuffs

"This is the ass of a girl, and soon he will be my girl slut"

"I'll make this sissy into a slut"

The sissy's back will be whipped until he says what he is

"Say it slut. Or the rednees on your ass is only the begining!"

"Mistress, I am a slut"

# The Perfect Sissy Dress

Some women enjoy dressing their sissy like a slut, or a maid, with trappy makeup, staggering around in towering heels, in outfits with their tits just short of falling out and their asses sticking out in back.

But I believe a sissy is a sissy and should always be dressed as one. My sissy has a whole wardrobe of simply the faintest, sweetest sissy dresses, all from Centurian. I have their catalogs stacked up, and when a new one comes, I always find three or four I know my sissy will look so precious in.

Since I'm showing him to several women as a fitting example of how you can transform a normal, red-blooded, young male into a total sissy I got him dressed in my absolute favorite sissy dress. It's from Centurian, of course. A demure, little silky satin colored dress with a ruffled bottom and zippers at the wrists and back. As you can see it's quite short and she's forever trying to hide her panties. And with it the perfect sissy shoes with little girl heels.

They come in White, Pink or Black, but I think Pink really is the perfect color for sissies, don't you?

## Penelope's Introduction Into Society Is A Different Kind Of "Coming Out"

story on page 12

Be Sure To See Our #12  
Baby Doll Shoes On Page 37

All girls look forward to their introduction into society at their "coming out" ball. And Penelope was as excited as she could be, under the circumstances. "Coming out" into society, you see, had whole different meaning for her. Just a year ago Penelope wasn't a girl at all but a young man named Paul.

I'd always wanted a girl of my own but business always seemed to come first and the old biological clock was running out. Then I ran across the strangest ad in one of the local papers, which read, "Society woman with step-son is looking for a woman to assume legal custody. The right woman would be successful, assertive and be able to assume the strict guidance that I feel the boy needs in life. He's been brought up to be respectful and completely submissive to all women. I have had him obedience trained, with strong emphasis placed on both corporal and petticoat punishment. Serious inquiries only." Well, that was truly the oddest worded ad.

What peeked my interest in it was her reference to petticoat punishment. Obviously she'd dressed him as a girl as punishment and I couldn't help wondering what he looked like. I was curious, so I called and made an appointment. I was startled at the woman who answered the door. I had expected her to be older but she was a very attractive, expensively dressed woman in about her late forties.

After she invited me to sit down she rang for the maid. "Gretchen, please bring the boy down and please see that he's suitably attired for viewing," she said.

About 20 minutes later I'll admit I was quite shocked when the maid led the boy in at the end of a leash! My second shock was that he wasn't a boy at all, but a young man, I guessed in his early twenties. My third shock was how he looked and was dressed. I'd be kind to say he looked sissyish. His long auburn hair was in decidedly girlish style. His eyebrows had obviously been plucked and I was sure I saw a hint of blue eye shadow, pink lipstick and rouge. The cream colored blouse, for that was obviously what it was, was edged in lace and tucked into the tightest, pink capri pants. His girlish narrow waist was accented by a pink satin sash tied in a huge bow, and on his feet were little girl's pink, patent leather Mary Janes, with, of all things, taps on them.

When the maid brought him forward he actually curtsied, then astounded me by kneeling and kissing the woman's feet. And then mine when

she ordered him to do so.

"As you can see the boy's been brought up to know his place in regards to women. And as the maids always keep him leashed and with a cane close by they've done an excellent job with him. If you acquire him he's been trained to know the value of a long days work and would make you an excellent servant, or be made to do whatever you wish."

When I mentioned petticoating her eyes lit up. "Oh, I see a woman of my own heart. The boy positively hates being made into a girl so it's excellent punishment that I've employed with more and more frequency. Gretchen, why don't you take the boy up and dress him in one of his sweetest party dresses," she said.

"Oh, please Ma'am..." he started to protest.

"You see what an excellent punishment it is. And for embarrassing me in front of my guest you'll be dressed as girl for the next week," she started.

Well, when he, or rather she, was brought back down I was astounded. He was absolutely darling and I decided, then and there, I had to have him/her.

I named her Penelope and she cried so when I informed her of my plans to totally transform and feminize him. "I know you feel wretched now, darling. But you're not being punished, it's just that I always wanted a little girl and I think you'll be perfect and come to enjoy life as a girl," I told her.

Well she didn't believe me for the longest time. I guess no boy, even sissy, would want lovely titties, a permanent made-free face, or an equally permanent pussy. Or be subjected to such severe corsets. Spend her days in charm classes and ballet for a solid year.

Now it was her big debut into society. And for it I'd had Jeri Lee, of Centurians, design the most gorgeous ball gown for her. It was modeled after a 50's prom dress. Pink with a brocade bodice, which nicely showed off her girlish titties. Nearly ankle length it billowed out tutu fashion with layer upon layer of petticoats. White gloves, of course, matching purse and the most perfect, pink baby doll, high-heeled shoes.

The bows in her hair made her look so innocent. And she was, although the date I'd arranged for her would see that she'd lose her innocence that night. When he arrived she was quite nervous, but I calmed her with a kiss on the cheek and assured her that by the next day she'd feel just like a real girl does.

# Permanent Chastity Of Sissies Is Mandatory In Most Cases

Sissies are basically sexless creatures. Not being a real man, sissies must forfeit forever all traditional forms of sex. Mandatory chastising of adulterers, cheaters, wife beaters and arrogant, contemptible, macho males is one of the school's basic rules. A steel, chastity sheath from Centurian is permanently placed on the offending organ.

As you can imagine, the realization that their organ has been made non-functional is quite devastating and leaves them traumatized. We leave it up to the wives and girlfriends whether the husband or boyfriend is to be permanently neutered. Some opt for a chastity sheath with a lock so that it can be temporarily removed and the male allowed a brief period to jerk off in a corner or into a pillow as a reward or on special occasions such as their anniversary and at Christmas.

The sissies who enroll voluntarily we treat differently, as a rule we don't chastise them. They already know they aren't manly enough to ever think about having actual sex with a woman. So we're kinder and

*continued on next page*

more lenient with them, as long as they always try their hardest to act like a proper sissy.

We allow them to occasionally play with their little wee-wee's and pebbles as we insist they refer to them as. However, what they're taught is that there's a time and place when their little wee-wees can become excited and when it is expressly forbidden. They're told what they must learn is self-discipline and self control.

So the first thing in the morning after a cold shower the sissie's wee-wee has a bow very tightly tied on it. As well as the most precious petticoats attached to cover his pebbles. Throughout the day his wee-wee is sweetly limp at all times. The least, little excitement and the ribbon will break. When this occurs the sissy must immediately report it to one of his teachers. Who then orders him to hold up his skirts while she repeatedly spansks his naughty wee-wee, then ties a new bow on it.

Obviously sissies dread having their wee-wees spanked, but they know it's for their own good and always thank the teacher sincerely afterwards.

Hardest on the sissies is when they're put to bed with their wee-wees bow tied. In the morning they have to stand at attention with their nighties up while the dorm mother checks to see if his wee-wee was a good boy at night.

This sissy is wearing Centurian's 3-piece Schoolgirl Outfit with matching bra, flare skirt, knee socks and Red Patent Baby Sissy Shoes. Not shown is the White, satin, short-sleeved schoolgirl's blouse.

## Mistress Tara Thinks Our Magazine Is Fantastic And All Men Should Be On Their Knees To Women

I'd like to say how awesome your magazine is. I'd written a comment on my web page about how men belonged on their knees between our legs with their tongues buried deep inside servicing our needs. Little did I realize at the time that it would bring me to this letter! A few months ago I had a response from one of my old neighbors. I had always looked up to JD, but after finding out about his desire to be dominated and humiliated, I've begun to

wonder about the hidden side of his personality. Up until then he was the all American macho male, take no shit from anyone, Harley and all. I loved riding behind him, feeling the muscles as he fearlessly chased the white lines down the highway with the wind blowing through his hair. He was one mean machine, that is, until the night I found him kneeling on my porch dressed in a garter belt, nylons and heels. With a pair of large metal clips on his nipples, a slave collar locked around his neck, penis chastity locked on and his wrists locked behind him, as he waited for me to open the door. I nearly lost it upon seeing him that way.

The time in between while I was learning about his fetish was fas-

inating to say the least. I had read about men who wanted to be dominated, humiliated and abused, but never realized that he was one of them. I had told him to wear something special and be at my back door promptly at midnight on Friday. I almost peed myself laughing at him as he crawled into the apartment. What have we here! I demanded! So you want to serve me! Do you! Yes, Mistress! He replied! What shall I do with you! I asked him! Anything you want! He said. Oh! You want me to abuse and humiliate you! Yes Mistress! Good then crawl over here and lick my boots! As he did I became so horny that I had all I could do to control myself. I wanted to stick my fingers deep inside my dripping pussy, but refrained. As he began licking, I stuck my fingers inside my panties and massaged my itch! He began licking the left boot as I put my right boot on his head. The sight on him polishing my boot was so powerful that I climaxed. Once he finished the left boot I had him do the right one. Then I commanded him to clean the bottoms. Lick all the "doggy do" off! I commanded. By then I had climaxed a half dozen times as he licked and sucked both boots clean.

Now what shall I do with you! Please let me eat you! He Begged! You want to put those filthy lips on me! I asked him! Please Mistress! No way! Little boy! I shouted at him! If you want to jerk off I'll watch! But there is no way you're going to put that tongue or those lips on me!

I reached behind him, took the key off the slave collar and unlocked his wrists, slipped the panties I'd been wearing over his head and told him to show me how much of a pervert he was, that I wanted him to jerk-off until he exploded and then I'd watch him eat it. That if he was good I might even let him have one of my old bras to wear along with the panties to remind him of his sissy status. I reached out and pulled the clips as he began jerking off. The more I pulled the faster he stroked his shaft until he began cumming. In your hand and eat it I yelled at him! I watched as he took a hand full of cum and licked it clean then another until he was spent.

Now what shall I do with you! Shall I humiliate you by putting you out on the porch for the night! I could see that he wasn't as caught up in being dominated once he'd

erupted but there wasn't anyway I was going to let him go until I had total control. Lick my boots again! I said as I took the panties off his head.

After he finished I gave him a couple of old bras and some panties that were stretched out and told him to wear them under his clothes. That he belonged to me. I locked his wrists behind him and put him out on the porch with my panties covering his nose so he could smell me. I locked the collar to the post and left him there while I went inside and used my dildo to remove the urge to have him eat me. After an earth shattering climax I fell asleep and luckily woke up just before dawn. I released him and had him lick my nylon-cov-

ered toes before sending him home. That afternoon I stopped by his house and made him show me what he had, the books and magazines were mind-boggling. There were so many things I had never even thought about but became interested in then. Since then I allowed him to clean my apartment and massage me. I make him tie the string of a tampax around the head of his soft penis and insert it up inside after a hot soapy enema, then put a pair of pantihose and a panty girdle on. He wears his six-inch heels and the slave collar along with the nipple clips and one of my old discarded bras (which looks great on him). As a final way of controlling him I lock one of his leather helmets over a pair of my dirty panties, after lacing it on tight, insert one of my dildos in it and zip it shut. He had a hard time at first adjusting to it being part way

down his throat but has since learned to deal with it.

He's been trained so that when I say "doggy do" he kneels at my feet and begins licking them. My sister was surprised at first but has gotten used to seeing him around the apartment wearing some of my old discarded things. Of course Mother was horrified when she stopped by unannounced one evening and found him in his outfit giving me a message, but has come to accept that the macho man she thought he was is now only a panty-wearing sissy. I make him kiss her feet whenever she stops by. She has a couple of his magazines now and keeps asking questions.

Thanks again for a fantastic magazine,  
Tara

# Man Enjoys His She-male Slave While Slave Is Wearing Baby Doll Shoes, Frilly Socks And Sissy Outfits

Dear Sissy Maid Magazine,  
My slave and I have all your sissy magazines and over twenty of your Forced Womanhood magazines.

I picked Glen up in a gay bar over four years ago when he was dressed as a lady. To make a long story short I transformed Elvin with your vitamin hormones twice a day until he was ready for breast implants, which he now has. Your vitamins smoothed his skin to a baby softness. He is kept shaven. I made him get electrolysis for his beard. Then permanent eye-

liner and permanent tattooed red lips. A year ago we got your Frenum Chastity which was pierced on him permanently.

I am a gay male who likes oral sex and ass fucking, but because of my business position I don't want anyone to know I'm really gay. But now I have Glen, who is now Glenda who passes as my girlfriend.

Glenda was also into bondage and humiliation which was great for me.

When we started getting your magazine I changed her attire to sissy clothes, schoolgirl

outfits with your black and white oxfords and frilly socks and we love your baby doll and Mary Jane shoes. It really turns me on to see Glenda in these outfits. And when we go out, men ogle at her in her schoolgirl outfit. If I leave her alone, men are always trying to pick her up.

Thank you for your great magazines and merchandise.

## Wife Turns Meek Hubby Into Sissy She-male Permanently

Dear Enslaved:

I saw Freddy's picture in your Readers Letters column and was really turned on by how great he looked in your locking sissy maids pink satin bondage uniform, ruffled socks and #3 Baby Doll shoes with one large buckle, and wrist and ankle cuffs and chains. I answered his letter right away, and after a few letters, we began seeing each other, as we only lived a two-hour drive away. I loved his submissiveness, and he loved being dominated by me. A few months later we decided to wed. Freddy wore one of your frilly wedding dresses, over-the-knee, schoolgirl stockings and white Mary Janes with little girl heels; his tied wrists were hidden by a large bouquet. We honeymooned at an isolated, woodsy cabin and I kept Freddy in bondage the whole time.

Two weeks later we moved into a secluded house and Freddy agreed to stay home and do the house chores while I worked at my well-paying executive secretary job. We sent off for your Transformation and Transvestite catalogs for all sorts of sissy and schoolgirl dresses, skirts, blouses, socks, "Forever Sissy" bras and panties, Mary Jane, Baby Doll, and Sylvia shoes, besides wigs, leather gags and restraints, and feminizing creams and pills. Freddy did housework in a pink or white satin maids bondage uniform, his wrists and ankles cuffed and chained, then when I returned from work I would place him in restrictive bondage with either ropes or leather restraints, various gags, and often blindfolds.

Things went splendidly for a while. Freddy took the pills and used the creams and began growing breasts besides having softer more feminine skin and silkier hair and rounded out features. We were both very pleased, then Freddy noticed that his already small penis was shrinking as his lovely breasts grew and so he tried to stop the feminization treatments. We argued and I took matters into my own hands. I overpowered Freddy, which was easy as I'm a tall, beautiful, athletic brunette and he's a petite, delicate, lovely blonde.

For over three weeks I kept Freddy a tied and gagged prisoner in the cellar and subjected him to spankings with my hands and a ping-pong paddle, lashings with belts and various whips, muscle-straining bondage positions, walking on 8" stilettos, which were used to fuck his ass, along with rubber and plastic dildos and vibrators. I kept him in sissy undies, frilly socks and Mary Janes and made him eat while tied up; naturally, his food was double laced with feminization pills and I rubbed creams on his body three times a day. Freddy gave up and I locked his penis in your male chastity device that engulfs all the male genitals and prevents hard-ons. Later it was secured in a FL3C Frenum chastity that prevents erection with heavy pain. It was such fun to do sexy things and arouse him!

For over a year I saw to it that Freddy continued his feminization treatments and also gave him lessons in how to talk and act like a little lady, helped by my flashing riding crop and

sharp slaps across both cheeks whenever he messed up. At last he was ready for large breast implants and his tiny cock was locked permanently in a FL2C Frenum.

"Francis" is now a sissy she-male permanently and quite easily passes as a genetic woman.

Depending upon my mood I sometimes have a girlfriend or two over and Francis serves us in a pink or satin locking bondage maids uniform, Mary Janes and cuffs and chains. Then we enjoy dildoing and face-sitting her. Her mouth and tied hands are very expert at satisfying us. She also puts on a bondage fashion show, wearing various sissy and schoolgirl undies, clothes and shoes. Often the women spend the night or even an entire weekend, and poor Fran is worn to a very sexually exhausted frazzle.

Other times I want a cock and have a man or more over, with tied and gagged, sissy or schoolgirl dressed Francis watching me get what she can no longer give me. The men are very aroused by her, and after they've well satisfied me I let them do whatever they want to Fran. The more depraved the more fun it is for all! Many times the men spend a weekend or more constantly binding and humiliating Francis; it's ever so much fun to watch. They are always reluctant to leave, and eagerly make dates to return again. Of course, best of all, is when I'm alone with my submissive she-male for bondage and sex!

# Lady Turns Closet TV Into She-male Bondage Beauty

Dear Enslaved Sissies and Maids,  
It's been said that TVism starts between the ages of three and thirteen, and that certainly was the case with me. A childhood friend introduced me to it, complete with makeup (though not skillfully applied), and we'd play "cops n' robbers." I enjoyed being the bound "female" victim best, and that was OK with Charlie. Two years later my parents moved, and my new friends weren't interested in TVism but did play tie-up games, which I found I didn't enjoy unless I was dressed as a

girl. I kept my desires secret and collected comics and magazines with women in bondage and stared at them for hours, imagining myself the lovely helpless heroine. Later, in college, I went to adult book stores and not only bought women in bondage magazines but discovered TV bondage ones as well. I also saw myself as the bound TV models and was envious that I didn't have someone to tie me up so I could pose for such magazines. A few years later I met Judith at an office party, and we went to my apartment. Not

expecting guests, I'd left some TV bondage magazines on the coffee table. To my great relief and joy, she was greatly intrigued, telling me that she was an avid reader of your magazine (which she introduced me to) and had longed to feminize and dominate a male. Studying my rather girlish face and figure, she said I would make a beautiful TV.

## The Royal Sissy Academy

continued from page 20

Up until a couple of years ago Monica, Porsche and I were high-priced call girls. Our specialty was domination, so much easier than turning tricks and giving blow jobs in hotel rooms. And surprisingly little sex. If any it consisted of ordering men to jerk off while they licked our shoes.

“Christ, they’re nothing but a bunch of wimps. Not real men, they’re more like sissies,” Monica declared one night as we were having drinks.

“You know I read about a school in England for sissies. I think we should start one, we could make a ton of money,” Porsche suggested.

Which is how the Royal Sissy Academy got started. And she was right, we’re making a ton of money and have a waiting list. We get our students from a variety of sources. From wives who wear the pants in the marriage and want their husbands turned into thoroughly brow-beaten, obedient wimps. Or from women who want their boyfriends totally sissified as a condition before they marry them. Several judges,

who know of our school, sentence repeated adulterers and spousal abusers to attend until they graduate. And there’s a surprising number of males who admit that they’re failures as real men and realize that they would only function properly in the world as feminized, docile sissy.

We charge an outrageous tuition which the males are made to pay. But where we make the most money are from those we get from judges and from sissies who voluntarily enroll. For right after they receive their official Sissy Certificate at graduation we have an auction and sell them to the highest bidder.

Among the wealthier women it’s quite the status symbol, and very “in”, to have your very own sissy.

We discovered the brownstone that we bought just like an old fashioned school. Everything is authentic down to the uniforms for our sissies and proper attire for the instructors. We wanted just the right look. So we contacted Jeri Lee at Centurian who worked wonders creating a variety of sissy uniforms and quite

intimidating attire for the instructors. All now available through their catalogs. She even supplied the paddles, canes and whips so necessary in the classrooms to induce the submissive attitude we expect all our sissies to have. The darling uniform worn by the sissy on a leash we refer to as our “dress up” uniform, which Jeri so aptly named the “College Schoolgirl” look. Sissy students wear them to meals in the dining room and to special school events such as recitals, and ballet performances put in by the students.

Their “dress up” uniform is designed to show off a bit of sissy cleavage. Although within a few months straps won’t be necessary once their sissy boobies are fully developed.

The Baby Doll, little girl, black patent shoes are available through Centurian.

The instructor wears one of the staffs favorite outfits. Centurian’s 31B laced, calfskin, leather look dress with front lacing and zipping up the back.

## Sissy Bondage Beauty

continued from page 21

I got out my black lingerie, 5” stiletto heels, long blonde wig, and ropes (as I practiced self-bondage), and Judith eagerly bound me and kept me like that all night. She played with my sensitive nipples and rock-hard prick for hours, denying me sexual release until I’d made bondage lesbian love to her repeatedly with my red-painted mouth and slender fingers. Finally she sucked me off, again taking a long time, and my orgasm was so strong that I was finished for the night—but she wasn’t!

From then on we saw each other almost every night, and I gladly acted her TV bondage sex slave. Only very occasionally did she allow me to penetrate her, but her blow-jobs and feathery-fingered masturbations, all lasting over an hour, satisfied me. Soon we were living together, and she convinced me to quit my job and become the lady of the house. That way I was able to use your pills and creams and begin turning myself into a real she-male beauty. We bought me all sorts of erotic she-male clothes from your Transformation and Transvestite catalogs, and I constantly wore a

corset or waist cincher, to nip in my slim waist and make my hips and butt more rounded. I also wore from 3” to 7” stilettos, trimming and firming my shapely legs and raising my arches even higher. I let Judith tie me up every night, even though I had no desire to remove my corset or high heels. She was very inventive and I looked forward anxiously to how she would bind me each night.

But then I found that my prick and sex drive were diminishing as my breasts grew larger and my body became even more shapely and feminine. I told Judith that I didn’t mind becoming a she-male, but I wanted to retain the use of my cock. Her answer was to overpower me (I was already in wrist and ankle chains and my brief French maid costume) and leave me tied and gagged in a ball position in the closet with a big dildo vibrator buried in my ass. She told me that I was to think of my prostate as a female clit, and my only sexual relief would be from being dildoad or ass-fucked by a man! My love of bondage helped me hold out for over a week but at last

I gave in, after many whippings, spankings, dildoadings, and being walked on with 8” stilettos.

My dosage of pills and use of creams increased, and my shrinking cock was locked in a FL3 chastity that prevented erections with heavy pain. I was given female lessons and slapped, spanked and whammed on my small balls and cockhead whenever I made a mistake. Soon my lovely breasts were ready for large implants and my tiny prick was locked forever in a FL2 chastity. My identity changed from Marvin to Peggie, and I really looked like a real woman. My cock was kept hidden (often with an artificial pussy from your catalog) and I went with Judith to lesbian bars, where we picked up beauties who joined her in binding, abusing, and making me love their cunts with my mouth and fingers. Sometimes Judith has a man or men over and, tied and gagged, I’m made to watch as she’s well-fucked.

## A Special Dress For A Special Occasion (Part 2 of Royal Sissy Academy)

It takes about six months, at the Royal Sissy Academy, to transform the miserable excuses for a male that we get into a full-fledged, simpering sissy. By then any resemblance to a real man has vanished. Through permanent cosmetic changes and hair styling anyone could mistake them for a schoolgirl. Which is exactly what they are, of course.

The wearing of corsets kept laced painfully tight at all times, even to bed, and with the most strenuous activity limited to their ballet class their legs and arms have become girlishly weak and soft without a hint of muscle tone anywhere. Even a short walk exhausts the poor things so. And it’s so amusing, and gratifying, to see a previously muscular male struggle so just to lift a chair.

Also by the end of six months we’ve reduced them to cowering, whimpering sissies. The thought of being the slightest bit disobedient never enters their silly, little minds. They’re desperately eager to please all their teachers as, of course, they’re terrified of them. They’re kept, purposefully in a constant fearful state, trembling when they hear the sharp click of approaching heels. Some of them can’t help themselves, so frightened when one of the staff comes up to them, or just calls their name, that they wet their panties. As we stand their and laugh they can only sob in utter shame as it dribbles down their legs. Naturally they’re severely punished for ruining their panties and little girl shoes, both we stuff in their mouths before they’re spanked. And they remain there all day!

The day they’ve been at the school for six months is a very special day for them. Extra care is taken with their hair, they’re put in a smaller corset, and ignoring their pleading, its laced down another two inches. Then comes the special dress. The most crushingly sweet, sissy party dress. We wanted something ultra frilly and Jeri Lee, of Centurian, picked out a pink satin dress that would look perfect for this very special occasion, absolutely dripping with frills, ruffles and lace, with matching pink satin panties.

It’s so short, we call it “little girl length”, that it wonderfully shows off her bare, soft sissy legs all the way down to the white, ruffled anklets, also from Centurian.

made to sit and hold her feet out her first high heels are put on and buckled. When the sissy first stands up he nearly falls over in the 4

inch high heels. Which, appropriately Jeri named Baby Doll Shoes. She thinks they’re the perfect “first heels” for a sissy and we all agree. All but the poor sissy, of course, who’s wobbling around petrified in them protesting that they’re too high.

Now that we have him dressed we take the precaution of manacling his hands behind them before we tell them this is such a special day. Well, you can just imagine the mortified wails, and the picture of utter disbelief, on their faces when they’re told that they’ve been all prettied up and dressed in the frilliest, sissy party dress because shortly after they’re to be put on a pedestal and put on display for the first time. He’s to be exhibited, along with two other sissies, he, like the other two, will be offered for sale to the highest bidder. Hearing this, as expected, we patiently wait out their hysterical crying, sobbing and pleading. After all it can’t ruin their makeup. Then after fastening their leash we mount them on their pedestal chaining both ankles to it, and invite in all the eager, potential buyers.

The instructor wears a short sleeved, white blouse. Knee length, black leather skirt and platform Baby Doll Opera Pumps, all from Centurian.

*The-male Sara's Wife Is Really Taken By The She-male Philosophy*

My name is now Sara, I was Jim. My wife and I love your site and have become members. I have ordered several of the magazines and have paid for a Chastity device, which is on back order with you.  
 My Mistress/Wife has really taken to the She-male philosophy. She required me to use a hair removal product on my whole body. She has really taken to making me her Enslaved Sissy She-male, maid, and wife. Yesterday she told me that I was now her wife. A couple months ago I started wearing Panties & a bra. I am taking Female hormones and your Triple

Mammary pills, I am also taking Estrogen and using Progesterone Cream on my breasts. My breasts are growing nicely. I have relinquished all my masculinity to my wife. I was surprised when she told her new Black male Lover that I was a wife.  
 She had me dressed in a very sexy light green sheer teddie with frills and a matching garter. She told him that I was NOT a male, but was a She-male, Sissy Slave, Maid and was her WIFE. She told him that She was now the Master and I was the totally submissive She-male Wife. He liked that and said that the next

time we got together I would be treated as a Slut Wife. I was forced to watch as she had great sex with him. I was not allowed to touch my self, but was told to kneel at the end of the bed so I would have the best view of their sexual encounter. I did as ordered. She also told him that She loved to place me in bondage and whip and paddle and dominate me. She told him that she had several dildo's that she used on me while in bondage and that she used a big Black soft rubber Dildo with balls to take my virgin ass earlier that week. She made me kneel in front of her

Dear Forced Womanhood:  
 Winston and I had been dating for several months before I told him of my desire to feminize and enslave him. He agreed but said I would have to support him, as he'd have to quit his job and he hadn't saved much money. Being well off and holding an executive job with a savings and loan company, I accepted without hesitation. He moved into my secluded house and I kept him bound in my scanty black lingerie until the clothes and other articles arrived from your Transformation and Transvestite catalogs. He put on fashion shows for me, and I selected what erotic costume he would wear each day, in addition to his brief French maid uniform and leather wrist and ankle chains. I also convinced him to take your various feminizing pills and use your creams. I gave him lessons in how to talk and act like a lady, and how to love my cunt with his mouth and fingers while tied tightly hand and foot.  
 The pills and creams did their work extremely well, and Winston's face and body became more feminine, his long brown hair more lustrous, and his breasts (which I encouraged him to play with) grew nicely. Corsets and waist-cinches helped trim his waist and give

with her strap-on Dildo on and made me suck it real good, then she fucked me with it.

I begged her not to stop once she had entered me and the pain of initial entry lessened. She told me that I was now the totally submissive wife and would be her maid, slave and whore/slut from then on, as she fucked me. I agreed to switch roles completely and agreed that she would use bondage on me and also use her whip, chains and paddles on me to control & discipline me and make me a true She-male Sissy Slave, Maid and Wife/Whore & Slut.

Thank you so much for your site and its information. Now that I have been and am being totally feminized into being a true She-male, we have never been happier, and I never argue with her.

She is my Master/Mistress and I will obey. She is now “the Dominate Man” of the house and I am the totally Submissive sissy Slave, Maid and Wife. My name is now SARA and I love it. My Master/Mistress has thrown away all my former male underwear. She has purchased, with me standing there and handling the items

and paying for them, Panties, bra’s, skirts, blouses, sexy nighties, a couple very nice three piece dresses, a complete make-up case and extra nail polish.

We are trying to find a used wig.

This past Saturday when we met her new Black Stud, she made me apply polish to my toe nails and my finger nails. She also fixed my hair female style, then had me wear Bra, Panties a light lipstick, perfume, then male shorts and a shirt that you could tell I was wearing a bra. We then met with her Black Stud and we went into a nice restaurant, I walked just behind them in the submissive position. I got lots of looks and was very humiliated. As we ate, I kept getting looks from the waitress and she sent several other waitresses over to our table and also a couple waiters. I was so humiliated, yet very excited. I was made to pay the bill, then we went to a motel and I had to go in and pay for the room. Again it was very humiliating as the two clerks could see that I was dressed like a female, and that she was with a Black Man. They had wild sex while I was dressed in that

sexy outfit, allowed to only watch my wife and her Black Stud.

They told me that the next time we got together, I would orally service the both of them and submit to his sexual advances. I am SARA, formerly Jim, Forced Womanhood is wonderful and hope that you will use this article in your magazine. I am so very happy, now she is a She-male enslaved sissy maid and wife. My Mistress is much happier as the true Master in our house and loves being very dominate with me. She has started “bitch slapping” me quite often just because she can and to show her total dominance of me. One question: Is there a “party house” or meeting place in the Las Vegas, Nevada or Phoenix Arizona area where Dominate female Mistress/Masters can bring their She-male Wives to meet other like minded couples and enjoy our new lifestyle, swap training ideas and “wives” for special training and fun?

Thank you,  
Sara, a new She-male Slave, Maid & Wife

## Obedient Sissy Slave

his hips and buttocks a feminine roundness. He wore from 3” to 7” stilettos, to firm his thighs, calves, and give his ankles a female shapely, trim look. He slept tied up so he couldn’t loosen his corset or remove his high heels. Things went wonderfully until he discovered that both his prick and sex drive were shrinking while his tits grew and his lovely body became more and more feminine. His pleas and threats to run away if he couldn’t stop his feminization brought him a month’s imprisonment in my guest house, where he stayed in constant bondage and was whipped, dildoad, and walked on daily with my stilettos. I strung him up by his wrists and lashed him, then also suspended him in a hog-tie and swung him by his small cock and balls. In no time he surrendered to my will.

I increased his usage of pills and creams, as well as his female lessons, and kept him in strict bondage while I was off at work.

Winston was soon a very obedient she-male slave, with his cock locked in a FL4 chastity until it became so small only a FL2 chastity would fit it. Whenever I would sit in a chair

or on the couch and spread my long, shapely legs wide, revealing my cut-out panties, he would obediently come to me, kneel, fold-his arms in the middle of his back, so I could bind him wrist-to-other elbow, and bury his lovely, feminine face in my hot, horny pussy, tonguing me to multiple orgasms until I was finally sated.

On learning he would have large breast implants-and his cock would be locked permanently in a FL2 chastity, Winston tried to run away, dressed in 7” stilettos and his French maid’s costume, with wrist and ankle cuffs and chains. I caught him out in the surrounding woods, hung him by his wrists from a tree branch and lashed him with a thick leather belt until my arm was so tired I couldn’t raise it. A penis gag effectively muffled his shrieks and moans-. I led him home and then kept him in constant bondage the rest of the week until his operation.

Now Windy is a very obedient she-male slave beauty, and is easily mistaken for a true woman. It depends on my mood as to whether or not I reveal her tiny silver-encased cock to the man or woman I am with at the

moment. Windy loves my girlfriends’ pussies as expertly as any woman, and they enjoy face-sitting her by the hour. They are always intrigued by her tiny penis chastity and delight in dildoeing her ass, acting the male while Windy is the helpless female. Sometimes I have a man or men over for the night or weekend, and they enjoy fucking me in front of bound and gagged Windy, who is naked but for 6” stilettos, and taunting her that they are able to give me what “she” no longer can—a big cock in all of my holes. Then it’s Windy’s turn, and having once been a man she knows what they like. She is mouth, tit, and ass-fucked, and hands tied, jacks them off with light touches of her slim, long red-nailed fingers, taking almost an hour with each man. I get in on the action and my obedient she-male slave beauty is very well fucked and humiliated for the rest of the night, or even over the long weekend. She takes all that’s given her—and even begs for more!

## Woman Makes Man Into Lovely Sissy She-male Slave

Dear Enslaved Sissies and Maids  
After reading several issues of your marvelous magazine I firmly decided to make my masochistic lover Walter into a lovely sissy she-male bondage slave. We had been dating for several months and I’d already trained him to dress in black skimpy lingerie, nylons and high heels before-being tied up for sex. I also secretly prepared him for your various penis chastity devices by always putting him in cock and ball bondage, saying it would keep him harder longer and prevent him from climaxing too soon. When your feminization pills and creams arrived, I then put my plan into action.

Walter quit his job gladly and became the TV woman of the house, being both maid and cook. I gave away all of his male clothes and dressed him in everything from nighties to sexy street clothes, all from your Transvestite and Transformation catalogs. He wore different colored wigs daily while letting his own blond hair grow, and became quite adept at cooking and doing housework in leather wrist and ankle cuffs and chains.

Things went quite smoothly at first. Walter took the pills and used the creams, unaware that I was secretly adding crumbled pills to his food. Walter was delighted with how smooth his skin was becoming and how silky his hair became. Earlier I’d taught him that men’s nipples are as sensitive to arousal as women’s and

had encouraged him to play with them often. He was pleased to find they were even more sensitive as his breasts began to grow,-and he would play with his nipples by the hour. His body became more femininely rounded and shapely, also helped by corsets that nipped in his waist and made his hips and ass appear more feminine. He also wore 3” to 7” stiletto heels constantly, even when he slept, tied up and wearing only a corset. He was able to rub his nipples and prick against the mattress and slowly masturbate himself, which was the main reason he did not object to being tightly bound and gagged (usually with a penis gag of rubber or leather) at night.

Before too long Walter discovered that both his cock and his sex drive were shrinking as his breasts grew and his slim body became even more feminine looking. We argued. He was willing to become a she-male but he wanted his prick to remain useful sexually, as he’d seen she-male models in your various magazines and catalogs. I was set on having a true she-male, as I prefer a tongue in my cunt instead of a cock, except on rare occasions. I easily overpowered Walter and forced him down to our playroom basement dungeon, where I tied him to an “X” frame, in his skimpy French maid uniform, cut-out front and back panties, stay-up nylons and 6” sling-backs. For over two weeks I subjected him to whippings, spankings, dildoeings, breast and

nipple bondage and torment, as well as cock and ball torture, and walking on with 8” heels. He surrendered to my will and I locked his cock in a FL4 chastity before releasing him.

I increased Walter’s dosage and use of creams and also gave him female lessons, whacking his cockhead and small balls whenever he screwed up. This continued until his nicely formed breasts were ready for large implants and his tiny shrunken cock was finally locked permanently in a FL2 chastity, then he became a true, strikingly lovely she-male bondage slave named Wanda. “She” passes easily as a genetic woman and is my constant companion. I keep her bound, except in restaurants, with a coat or sweater hiding her ropes, and we go everywhere together. Very occasionally I get the itch to have a man’s cock inside me and invite one or more men over to pleasure me. Tied and gagged, in only 6” stilettos and backless panties, Wanda watches me get what she can no longer give me, then she is turned over to the man or men and mouth, ass, and tit-fucked repeatedly while I watch and take Polaroids. Then I join in with a strap-on dildo and Wanda is simultaneously mouth and ass fucked. Her amusements usually last all night, and sometimes even the whole weekend. She-males are wonderful slaves!

## Wife Catches Her Husband With Her Bra And Panties On And Turns Him Into Sissy

Dear Sissy and Maid Magazine, To make my life's story short, I'll start with my wife catching me wearing her underwear. She actually laughed at me. I probably did look ridiculous. I was somewhat chubby, I had hair on my arms, legs and chest with one of her white bras and panties on. As she was laughing, she said "I found all your Centurian magazines in your bottom drawer, including your Forced Womanhood magazines and a copy of a sissy magazine." she continued, "I think I'll turn you into a little sissy." I like the idea of you being my sissy slave with out a working penis." I was so embarrassed, I didn't know what to say, but held my head down. "Put your arms behind you," she commanded. As I did she handcuffed them behind my back. She had read your first copy of sissy and said this is what you're going to be. You're going on a strict diet and I will keep you bound up while you're home so you don't sneak food. It has been a year since then. She made me get breast implants after a year on four of your vitamin hormones twice a day. I've had electrolysis on my face, I'm kept clean shaven and I've been chastised. My outfits consist only of sissy dresses and Mary jane shoes from your company. She dresses me the way she wants every day. I now work in her office as her secretary. At home, I'm still bound up constantly. Sissy Jane

## Legally Sissy

Andrea and I have a prosperous, two woman law firm, Becker and Searns. Between us, we have a paralegal and two legal secretaries, all young males. Plus a receptionist for which we've always hired a girl. We hire only young males for our staff. Our criteria is that they have to be attractive, but not masculine, slim and short, and noticeably shy and timid. Such young males, we've found, are easily intimidated and in awe of the two stunning women who tower over them in their heels. While we make them sign lengthy contracts they become very devoted, very hard workers. You see Andrea and I have hit on the perfect incentive. When they've been "good boys" as a reward we take down their pants and hand rear them. A good hand rearing by either of us, trust me, leaves a lasting impression. With such an incentive we can get them to work long hours, sometimes seven days a week, and they'll do virtually anything to please us. When I suggested to Bobbie Brown, my personal legal secretary, that he'd look more attractive with long hair, he let it grow until now it's shoulder length. When I suggested his wardrobe really was-

continued on page 34

n't quite right for the office, he let me pick one out for him. He now has three, very tasteful suits in grey, powder blue and daisy yellow. With shoes, hose and accessories to match. All women's, of course, although I removed the labels.

Then he was more than eager to comply when I told him I was displeased with his posture. He now stands and sits like a girl. Knees always together, ankles crossed, erect posture on the lip of his seat.

Our biggest problem was keeping a receptionist for any length of time. If we could get six months out of one we felt lucky, then we had to train a new one.

About that time the movie "Legally Blonde" came out. When I saw the ad for the movie I told Andrea I thought I'd found a solution to our receptionist problem. I showed her the ad with Reese Witherspoon in a pink outfit, then told her to go and take a close look at Bobbie.

When she came back she had this wolfish grin on her face. "I know what you're thinking and I love it," she giggled.

That afternoon we called Bobbie into my office. "You've been a devoted, hardworking employee, Bobbie. But business is not good and I'm afraid we're going to eliminate one staff position until times get better. Unfortunately you're the most junior employee, so it will have to be you," I said. He was devastated, of course, and couldn't stop crying. Which he did a lot, especially when we were displeased with him, undoubtedly caused by the hormones we'd been secretly giving him.

"There is one position coming open, our receptionist is leaving..."

"Oh please, I'll do anything," he begged.

"The thing is Bobbie we absolutely must have a girl secretary. Andrea and I have talked and we'd really hate to lose you, so we're suggesting an experiment.

There's a costume party coming up. We'd like to transform you into a girl and take you. If nobody asks what you're doing dressed as a girl then we're sure you can fill in temporarily as our receptionist, well, what do you think?" I asked.

"I'll try it. How long would I have to be a receptionist?"

"Oh, we think maybe not more than eight or ten months," I said, amused at his gulp.

A couple days later, at the beauty parlor, he got the works. They actually had him in the chair two full days, which he wasn't aware of, he was out like a light. We'd already decided that Bobbie was going to be our new receptionist. so there was nothing temporary. A beautiful pair of very realistic titties, permanent makeup. head to toe waxing. Hair extensions, until his grew in. A tummy tuck and a much bigger behind. We were quite pleased with the end result, Bobbie, of course was shocked.

"I look like that actress in 'Legally Blonde'," was all he could say.

"Yes, the resemblance is really uncanny," I said thinking the title of the movie should have been 'Legally Sissy'. Because that what "she" was now.

After the costume party, in which nobody discovered him we sat him down for a talk.

"Obviously we'll have to change your name. It's now Barbie Baker. As our receptionist you'll have to learn how to act and think like one, and most of all look like one. All of which we'll help you with, including your wardrobe." But it's going to be a lot of hard work on your part," I warned.

"I'll try as hard as I can Ms. Stearns," he naively promised.

Well, that was two years ago. Barbie is so perfectly girlish she could never go back to being a boy, even if we put her in pants.

It's been several months now and she's finally stopped asking when business is going to get better. Business is great, she just isn't aware of it. Of course we still reward her when she's been a really good girl. But we've stopped hand rearing in favor of panty rearing. The one thing Barbie's become is quite a clothes horse. We pay her next to nothing, but give her a substantial clothing allowance. She really does get so excited when one of us takes her shopping for new outfits. We love the sweet, innocent, 60s retro look on her.

# How to feminize your body with natural herbs and vitamins that have natural female estrogen

In order for you to take synthetic estrogen (Premarin), you have to get a prescription from your doctor. This cannot only be difficult to do but embarrassing as well! But did you know?

There are two herbs with natural estrogen in them that will give you the same effect as estrogen without all the side effects of possible cancer, loss of erection, etc. These two wonder herbs for crossdressers are black cohosh and blessed thistle. These two herbs will not only give you BREASTS, but softer more feminine skin and silkier hair. They will also feminize or round out your features.

If you didn't know it, TRANSFORMATION has already mastered this truly wonderful formula with its three unique vitamin hormone pills.

Glandulars are the secret! Glandular therapy utilizes raw concentrates of glandular and organ tissue. The theory is that like cells help like cells. In practical items, this means that raw ovarian concentrate, for instance, contains a variety of known and unknown intrinsic factors that support ovarian functions in the recipient. The "raw" glandulars are used in Feminant are dehydrated by a special process which insures they contain all of the enzymes and hormones that are present in the natural tissue. One of the key elements provides 200mg of raw ovarian concentrates to assist in the production of the essential hormones, FSH [follicle stimulating hormone] and LH (luteinizing hormone).

These hormones perform basic biochemical and physiological changes in the female body, including increasing breast size and softening of the skin.

Other changes include development of special glands in the fallopian tubes and uterus to promote ovum implantation, enlarging of the pelvic area, faster extension of bone growth, decrease in bone growth period and mild retention of protein and calcium.

YES! these vitamins with natural estrogen REALLY WORK!!

# TWO INCREDIBLE VIDEOS OF MEN TURNED INTO SHE-MALES AND SISSY SLAVES

## Enslaved Sissy Maid Video

This is a story of a beautiful woman who isn't getting satisfied sexually by her husband, so she has extra marital affairs. One night after one of her flings she catches her husband wearing her lingerie. This gives her the excuse she needs, she yells and screams at him that if he's going to wear women's clothes - they will only be sissy clothes for such a wimp as him. She begins with binding him up every night and slowly changes him into a complete sissy she-male maid slave through bondage, hormones and breast implants. Then makes him suffer many humiliations of being a sissy slave including satisfying her boyfriends in all ways.

## Forced Womanhood Video

This is a serious one hour movie about a wife who catches her husband at the beginning of this movie making love with another woman. She is so furious that she wants to kick him out of the house. Instead he promises to be her slave, not really knowing what he is really in for. Through bondage and discipline she slowly turns him into a she-male slave. Hormone injections, breast implants and finally she chastises him permanently with a metal chastity pierced through into penis. And the finale of this ordeal is her binding her she-male slave to watch as she makes love to another man.
